Marshall - Truman Conference Holds Attention Of U. N.

Delegates Anxiously Await Result Of Discussions At White House

CONJECTURE ON SPECIAL SESSION

By JOHN A. REICHMANN
(U. N. Staff Correspondent)

FLUSHING MEADOWS, N. Y., Sept. 22.—United Nations assembly delegates today were more interested in the results of Secretary of State George C. Marshall's flying trip to the White House than in the day of prolonged debate which they face here.

A large portion of them were keenly aware of the importance of the business which has called Marshall home at a crucial moment in United Nations affairs.

Most believed that Marshall, in his visit with President Truman, would urge that a special session of Congress be convened to meet the economic emergency in Europe.

Fears Entertained

They not only feared for the welfare of their people at home, many of them were concerned that failure of relief to arrive from the United States before winter sets in, "coastless" and "eatless" days and nights, might upset their political regimes.

To diplomats, such developments strike at their very source of living. However, those who were interviewed, carefully refrained from any comment on the need of a special session. To a diplomat it is a primary rule of conduct that one does not comment on the internal affairs of the nation to which one is accredited.

Privately, though, they are not reluctant to say that the coming winter may be crucial in the affairs of Europe. They see such countries as France and Italy in desperate danger of revolution under Communist inspiration if hunger and want stalk the land.

Courage Of Bidault

It was for this reason that many of them saw a degree of courage in the speech of French Foreign Minister Georges Bidault attacking Russia's position in the United Nations.

Their understanding was based on the facts of the heavy Communist vote in France and the narrow margin of the vote of confidence whereby Premier Ramadier was recently retained in office.

France, even more than Italy and other western European nations, is (Continued on Page Two)

Real evidence that fall is nearly upon us... Fields of shocked corn are beginning to make their appearance around the district.

And by the way, autumn officially enters on Tuesday at 5:29 p. m., according to authorities.

Trees around the county are beginning to show some of the autumn colorings, also.

Daytime time in communities where it has been observed will come to a close on next Sunday.

Many orchards in this area give appearance of a considerable yield this fall.

Some of the old street sign poles are still to be seen on the streets. Why not remove them?

New Castle and Lawrence county residents were inclined to believe on Sunday and Sunday night that the fringe of the hurricane had arrived in this vicinity. Heavy winds swept over the community for hours, and some damage was caused. During the night there was a heavy rain, and temperature dropped 20 degrees or more.

See Further Delay In Writing Peace Treaties

WASHINGTON, Sept. 22.—(INS)—State department officials foresee today the possibility of further delay in writing of the German, Japanese and Austrian peace treaties as a result of Russia's attack on American foreign policy.

In view of the Soviet attitude, as voiced so vehemently in New York by Deputy Foreign Minister Vishinsky, little or no hope of progress is anticipated when the big four council of foreign ministers resume deliberations in London this November.

The big four has wrestled with the German and Austrian treaties variously at Paris, New York and Moscow during the past two years without success.

Impasse over formal Japanese peace has been further aggravated in the past week with the United States and Russia at complete odds.

When Secretary of State Marshall, British Foreign Secretary Bevin and French Foreign Minister Bidault left their host, Foreign Minister Molotov, in Moscow earlier this year, it was agreed tentatively that the four men might get together informally in New York simultaneously with the United Nations general assembly.

Marshall and Bidault are in New York. Molotov and Bevin are not—although Bevin will come immediately when the Soviet foreign minister does. November, however, appears to be the earliest date for resumption of debate over Germany and Austria.

Heavy Damage Result Of Storm

Western Pennsylvania Is Struck By Howling Wind-storm During Night

PITTSBURGH, Sept. 22.—(INS)—Damage running into thousands of dollars was counted today in the wake of a howling windstorm that swept throughout western Pennsylvania last night and early this morning.

In Erie alone, winds up to 50 miles an hour caused damage estimated at \$25,000.

Crawford county was hard hit, with widespread damage, but because of disrupted communication lines in rural areas, an accurate check of losses was unavailable.

Meteorologists said the storm was an offshoot of the tropical hurricane which struck Florida and the Gulf Coast last week.

Heavy rain squalls accompanied the wind which reached a velocity of 60 miles an hour at Youngstown, O., before jumping over to Crawford county in the Conneaut Lake region.

Meadville, Erie and Conneaut Lake bore the brunt of the 50-mile-an-hour gale. In Pittsburgh it felled trees, disrupted power service and flooded stores and dwelling basements.

The Pittsburgh weather bureau said winds ranging up to 35-miles an hour will continue through the day.

Observers said the gale resulted when offshoots of the hurricane that ripped the Florida and Louisiana coasts last week met a cool front moving in from Canada.

McKeesport, Clarion and Duquesne reported little damage.

Philadelphia Is Hunting Slayer Of Young Girl

PHILADELPHIA, Sept. 22.—(INS)—One of Philadelphia's most extensive manhunt was in progress today.

Some 200 policemen pressed a search for a 22-year-old ex-sailor wanted for questioning in the killing of his 11-year-old niece, Isabelle Mallon.

The little girl's body was found on a dump 10 blocks from her home after she had been missing for two weeks. Police said Isabelle "almost certainly" had been criminally attacked and murdered.

Her uncle, George A. Neill, has not been seen since the girl was reported missing from her home, according to police.

Detective Lt. John J. Hanlon said police have "definite information" that Neill was the last person to be seen with Isabelle before her disappearance.

The girl left her home 14 days ago to buy a pair of stockings with 50 cents given her as a present.

American And French Officials Have Conference

PARIS, Sept. 22.—(INS)—High French and American officials held a series of conference on Europe's economic plight today preceding the final plenary session of the 16-nation conference of the Marshall plan.

The conferees were concerned particularly with the problems of France.

New Tropical Storm Moving Toward Coast

Disturbance Sweeps Into Southeast Gulf Of Mexico Is Warning

STORM WARNINGS AGAIN HOISTED (BULLETIN)

MIAMI, Fla., Sept. 22.—were hoisted along the lower west coast of Florida today as a new tropical disturbance moved up from the Caribbean Sea and swept into the southeast Gulf of Mexico.

The Miami weather bureau said the new storm, spotted yesterday south of Cuba, apparently was headed for the Louisiana-Mississippi gulf coast which was lashed by a hurricane last week.

The new storm was located at 4:45 a. m. (EST) about 90 miles southwest of Key West, Fla.

Moving 20 Miles Per Hour

The weather bureau said the disturbance was moving in a direction between north northwest and north at about 20 miles an hour.

The strongest winds he reached a velocity of 50 miles an hour. Southwest storm warning were hoisted from north of the Florida Keys to Port Everglades and north-east storm warning north of Port Everglades to Cedar Keys.

Forecasters said there would be little change in the direction, velocity or movement of the storm in the next 12 hours.

Storm Warnings

Storm warnings also were displayed from Palm Beach to the Florida Keys and from the Florida Keys to Cedar Keys.

Small craft on the west coast of Florida were cautioned to remain in port.

Weather forecasters said the direction and speed of the new storm indicated it would reach the southeast Gulf of Mexico some time today.

Lower Michigan Is Storm Swept

Temperature Drops 23 Degrees In 30 Minutes As Tail-End Of Hurricane Arrives

DETROIT, Sept. 22.—(INS)—Summer left lower Michigan today, on the tail-end of a tropical hurricane that left heavy damage and the first chill of oncoming winter in its wake.

The storm exploded yesterday afternoon when fading warm winds from the hurricane which raked southern states met a Canadian cold front head-on. The resulting gale reached 65 miles an hour and drenched southeast Michigan with an inch of rain.

The temperature dropped 23 degrees in 30 minutes, from a high of 80. The high winds caused heavy crop damage and tore down power and communication lines.

No direct fatalities were reported, but the blinding, wind-driven rain was blamed for several traffic accidents. The Detroit river and Lake St. Clair were dotted with small, overturned sailboats, and the occupants of which were rescued.

U. S. May Assume Greater Share Of Occupation Cost

Britain Wants U. S. To Take Over Part Of That Nation's Burden

WASHINGTON, Sept. 22.—(INS)—Indications today are that the United States will agree to assume part of the cost of financing the administration of the British zone of Occupation in Germany.

They came in the wake of a special meeting Saturday of the Senate Appropriations Committee in which Secretary of the Army Royal reported that Great Britain wants the United States to take over some of her financial responsibilities in October.

To Confer October 5

Representatives of the two nations will confer in Washington, Oct. 8 on a British plea for American financial assistance. The British are reported prepared to make the point that their financial position at home is so acute that they might be forced to pull out of Germany entirely unless American aid is forthcoming.

The British are expected to propose to the U. S. that this country finance the imports needed to keep going the economy of the British Occupied Zone. This would mean, if the proposal were accepted, that the U. S. would supply the food, oil, coal, etc., required in the British Zones.

Only Alternative

Sen. Bridge (R) N. H. committee chairman, said the only alternative to the British proposal is to see Russia take over the British zone. This left the proposition, although bridges did not spell it out in so many words, that the British are prepared to move out entirely if necessary.

The Senator emphasized that if the U. S. assumed this added financial burden he would insist that this country be given a greater share in deciding political and administrative functions in the British zone.

At present under a bi-zonal agreement which expires Dec. 31, the British and American zones comprise a single economic unit with each nation paying 50 per cent of the costs.

Flood Waters Are Receding In Japan Now

TOKYO, Sept. 22.—(INS)—Southern waters of a flood, that caused at least 3,611 casualties in the heart of Japan, were receding today from the northern districts of the Tokyo metropolitan area.

At its peak the deluge, which devastated wide portions of northern and central Honshu Island, had inundated 64 square kilometers within the boundaries of Japan's capital city. The homes of 550,000 Tokyo residents were affected.

Latest total casualty figures for the entire flood region—as issued by the Japanese Home Ministry—listed 943 persons dead, 1,079 missing and 1,589 injured in the disaster brought to Honshu by a typhoon last Monday night. The statistics were not yet complete.

American occupation authorities, assisted by Japanese officials, appeared to have won their battle against mass disease and disorder that usually trail in the wake of such disasters.

Truck Line Holds Its Annual Safety Meeting In The Castleton Hotel

Highway safety and claims were the topics of discussion Sunday, Sept. 21, when the Norwalk Truck Lines held their annual safety meeting in The Castleton hotel.

The meeting was a breakfast at 9:45, with drivers, warehousemen and management represented.

George Ramsdell of the Travelers' Insurance company talked on loading and driving, the necessity of care and the advantage of safety. Fred J. Norris of the Pennsylvania state police complimented the men of the Norwalk upon their safety record, and the following employees spoke briefly. William Koski, William Maloney and Lawrence Black.

Fred DeCarbo, Pennsylvania manager for Norwalk, had charge of the meeting and reviewed the year's work. He said he was pleased with the improvement in the safety record, but urged for an even better record in the months to come.

He then introduced Richard Boose, safety supervisor for Norwalk, who spoke on claims. Mr. Boose came up through the ranks of Norwalk and has a long record of actual driving himself. He concluded his talk with a reel of safety film showing how claims could be avoided by proper packaging, loading and driving.

British Statesman Lashes Vishinsky

FLUSHING MEADOWS, N. Y., Sept. 22.—(INS)—Britain warned Soviet Russia before the General Assembly today that non-cooperation and continued attempts to impute her sole will on the United Nations will destroy the U. N. and provoke "hideous consequences".

In one of the severest tongue-lashings handed a major power and one of its leading statesmen, British Undersecretary Hector McNeill point out today that the U. N. is a "child" over the coals for its flaying of the United States and Britain as war mongers last week.

Taking the rostrum before the thousand delegates after Syrian Faris El Khouri opened the second week of discussions, McNeill avowed Britain's unbroken faith in the U. N., but branded variously as "monstrous", "obvious nonsense", "irresponsible" and in other ways Vishinsky's allegations.

McNeill pledged the British government to give trial to any method capable of making the U. N. function more effectively and in principle endorsed the U. S. proposals for curbing the veto.

He added, however, that in doing this there must be no contravening of the charter. He said the British government is willing to give full consideration to the United States call for a standing assembly committee.

But the bulk of McNeill's long speech was devoted to a slashing indictment of Russia as the blocking power in the U. N. and to a biting refutation of Vishinsky's charges.

Biloxi, Miss., Suffers Huge Loss In Storm

By SIEGFRIED BJURSTON
Chicago Herald-American Reporter
(Written Expressly for International News Service)

BILOXI, Miss., Sept. 22.—I was an eye-witness to the full fury of the hurricane that swept in over the sea to devastate Biloxi and Gulfport.

This once-lush, Mississippi coastal playground is in ruins today. Gulfport's new \$80,000 yacht club has vanished into the sea. Paradise Point, the resort center of tourist courts and hotels at Mississippi City, no longer exists.

Mass of Wreckage

Long Beach west of Gulfport has disappeared into the gulf—along with it dozens of resorts and small hotels. The coast highway is a mass of wreckage from Biloxi to Bay St. Louis. The Louisville and Nashville railroad bridges and roadbeds are washed away.

I saw most of this damage done—at one swoop—by a ten-foot tidal wave that rolled in off the Gulf, pushed a hundred-mile-an-hour wind.

It picked up 40-foot yachts and carried them 50 yards inland. Tourist courts and stucco houses collapsed like cards.

The Gulfport docks were washed away and a section of the Biloxi bridge and causeway was torn from its fastenings. It was washed up on the shore and deposited along Highway 31, five miles away.

The ballroom and lobbies of the resort hotels are filled with cots sent from Keesler Field for tired, homeless refugees.

Many Fruit Trees Are Blown Down

Miniature Tornado Effect Is Seen At Farm Near Princeton, After Last Night's Storm

Something akin to a miniature tornado struck the farm of John Nimmo, on the Butler road, about a mile beyond Princeton crossroads, around 9:15 o'clock last night, it is learned.

Sixteen fruit trees in his orchard, and a number of maple and other trees nearby were blown down by the storm.

The storm appeared to cut a swath about a quarter of a mile long and 100 feet wide in the middle of the area. Some wire lines along the road were also affected.

Statement Of Europe's Needs Is Presented

U. S. Asked To Provide Marshall Plan Aid In Four Years Of 15 Billion 810 Million Dollars

OTHER COUNTRIES ASKED FOR REST

By WILLIAM UMSTEAD
(U. N. Staff Correspondent)

WASHINGTON, Sept. 22.—The United States was asked today to spend 15 billion 810 million dollars in the next four years in aid to 16 western European nations under the Marshall plan.

The 16 nations formally presented a statement of their needs today. The figure actually totaled 22 billion 440 million dollars, but it was expected a further sum of three billion 110 million dollars would be assumed by the International Bank.

The United States alone was asked to contribute 15 billion 810 million dollars to the recovery of the participating nations.

Other republics of North and South America were asked to make available five billion 970 million dollars.

United States dependencies were requested to put up 66 million dollars.

Findings of the Paris conference of needy nations were made public simultaneously in 17 world capitals.

They also stressed the necessity for a three billion dollar currency stabilization fund because of upset internal conditions in a number of countries.

Four Year Breakdown

The four-year breakdown of the estimated European deficit was:

1948, eight billion, 40 million dollars; 1949, six billion, 350 million dollars; 1950, four billion, 650 million dollars; and 1951, three billion, 400 million dollars.

The sixteen nations hope to get an International Bank loan of three billion 110 million dollars. However, this loan was not included in their overall budget request of 22 billion 440 million.

If the loan is granted the European states plan to use it for heavy construction purposes as follows:

1948, 920 millions; 1949, 890 millions; 1950, 700 millions and 1951, 600 millions.

The official summary said:

Results Sought

"The report assumes a high degree of self-help by the countries concerned, and mutual help between them. . . . The recovery program is designed to achieve the following total results by 1951:

"1. Restoration of pre-war bread, grain, and other cereal production, with large increases above pre-war in sugar and potatoes, some increases in oils and fats, and as fast an expansion in livestock products as supplies of feeding-stuffs will allow.

"2. Increase of coal output 584 million tons, 1 E., 145 million tons (Continued on Page Two)

Truck Driver Burns To Death

JOHNSTOWN, Pa., Sept. 22.—(INS)—Everett Campbell, of Milton, Del., was burned to death today when the truck he was driving collided with a trailer truck, overturned and burst into flames near Berlin, Pa.

State police said Campbell attempted to pass a trailer truck driven by Clarence Cash of New York City, when the accident occurred. Cash was slightly hurt.

Crusade Series Closes Sunday

Last Service Of Laymen's Crusade Attracts Capacity Audience To First Methodist Church

Closing services of the Christian Laymen's Crusade took place Sunday in the First Methodist church, North Jefferson street, with good sized audiences turning out to hear the final addresses of the prominent business men who had come to the city to participate in the laymen's effort.

The climactic service Sunday evening, in charge of James E. Colville, of New York City, was attended by a capacity audience that filled the main church auditorium, and overflowed into the Sunday school room, Mr. Colville directed the vast audience in singing of several of the old Gospel Hymns.

Leon Sullivan, Investment Banker, of Philadelphia, related of early experiences in his Christian life, using the familiar theme of the prodigal son at the Sunday night service. He told of his rise to heights in the financial world, when everything was swept from him and he turned to God.

Today the speaker, spends much time in Christian work apart from his secular duties. Preceding Mr. Sullivan's address on Sunday evening, Paul B. Fischer of Chicago, read the Scripture and offered the prayer. Mr. Colville very effectively sang, "The Stranger of Galilee."

Chicago Man Speaks
Sunday afternoon, Mr. Fischer, a prominent Chicago attorney, spoke of the need of Christian unity and for the need of the unchurched to take Christ as a personal Saviour. The Grace Bible quartet favored the audience with several selections. The Ministerial hour broadcast was conducted from the church just before the service.

The Christian Laymen's Crusade, which opened on September 14, was sponsored by a laymen's committee of this city, with assistance from various ministers of the city churches. The only expense connected with the campaign was the local expense, as each speaker came to the city at his own expense. The Crusade director, Mr. Colville was remunerated for hotel and traveling expenses only.

Expression of gratitude was given Sunday, to each one that helped in any manner to make the Crusade a success. A special note of appreciation was given to The New Castle News for generous use of space granted for stories of the series.

Bankruptcy Sale Has Been Postponed
Scheduled for September 25, the bankruptcy sale ordered for Marvin Leavitt, trading and doing business as Leavitt Pans has been postponed. Attorney Maurice Levinson said today, Mr. Levinson has been appointed trustee in bankruptcy in the case.

All assets of the company have been turned over by the Department of Internal Revenue. Mr. Levinson said. There are some 500 or more coats in storage with the company. These are presently in Pittsburgh but will be returned to New Castle within thirty days, when owners will be permitted to get them.

ready were reported in the lower Florida Keys.

Too Much To Worry About
But red-eyed workers in the flattened coastal area said: "We've got too much to worry about right now without talking about another blow."

A fire hazard was caused when a large load of inflammable creosote was dumped into the Gulf of Mexico off the Gulfport area. The creosote spread over a large section of the water, and fireboats were standing by in case of an emergency.

Snakes Loose
Venomous snakes were reported to have slithered from the Mississippi swamps into piles of debris strewn along the coastline.

At 9 o'clock last night curfew was imposed in Gulfport, and National Guardsmen were under shoot-to-kill orders to prevent looting. Two additional Mississippi National Guard units comprising 48 men were ordered to Gulfport from Jackson.

The furious storm and tidal waves leveled large sections of the luxurious resort area of Biloxi and Gulfport.

Damage in both communities was expected to exceed 25 million dollars.

STATEMENT OF EUROPE'S NEEDS IS PRESENTED

(Continued from Page One)

above the 1947 level (an increase of one-third) and 30 million tons above the 1938 level.

"3. Expansion of electricity output by nearly 70 billion KWH or 40 per cent above 1947 and a growth of generating capacity by 25 million KW or two-thirds above pre-war.

"4. Development of crude oil throughput by 17 million tons to two and one-half times the pre-war level.

"5. Increase of crude steel production by 80 per cent above 1947 to a level of 55 million tons or ten million tons (20 per cent) above 1938.

"6. Expansion of inland transport facilities to carry a 25 per cent greater load in 1951 than in 1938.

"7. Restoration of pre-war merchant fleets of the participating countries by 1951.

"8. Supply from European production of most of the capital equipment needed for these expansions."

The report stressed particular importance given to the French and Italian grain production programs "which aim at recovering pre-war levels by 1951," and the British coal production program which is designed to exceed the pre-war level by 1951.

Only From U. S.
The conferees reported:

"In the last analysis, the external means of recovery can in largest measure only come from the United States, which has by its assistance in the last two years already rescued Europe from collapse and chaos.

"Unfortunately the size of the problem has proved greater than was expected, the disruption caused by the war was far-reaching and the obstacle to recovery more formidable than was realized even six months ago.

"This report contains, it is believed, a realistic appreciation of the situation.

"In it the participating countries have set out the fact as they see them and on the basis of those facts have formulated a recovery programme."

MARSHALL-TRUMAN CONFERENCE HOLDS ATTENTION OF U. N.
(Continued from Page One)

regarded as in danger of a Communist uprising, if not of revolution.

Some observers at the conference were convinced that Mr. Truman would not make any announcement regarding a special session of Congress until after the Paris 16-power conference has submitted its detailed reports on European needs.

This is expected this week. Marshall is known to favor arranging no U. S. program until this report and that of the Harviman committee have been received.

In that case, it was said, Congress members would have something concrete to work on, especially since the reports would be supplemented by private advice through diplomatic channels on the actual state of desperation in Europe.

Mr. and Mrs. Herbert G. Coates Celebrate Sixtieth Anniversary

Sunday, September 21, marked the sixtieth wedding anniversary of Mr. and Mrs. Herbert G. Coates, of 411 North Liberty street, when members of their immediate family and a number of relatives called during the day. Present for the occasion were four generations, including three great-grandchildren: four-year old twins, Sandra and Penelope Coates, of Tampa, Fla., who made the presentation of a gift to the honored couple, and David W. Ritchie, III.

Twenty members of the family were present for the turkey dinner served as a highlight of the day. Included were the couple's five children, Mrs. Bessie Coates Pitzer, who makes her home with her parents, and four sons, James, of Constantine Mich. Hiram, of Chicago, Ill. Greyson of Three Rivers Mich., and Clarence, of this city.

Among those who joined in the celebration were two who had been guests at the wedding sixty years ago of Miss Minnie Alice Smith and Herbert G. Coates at the bride's parents' home near Bruin, Pa. They are Mrs. Ella White of Butler and Mrs. John McCullough.

The many floral tributes received as remembrances by "Squire" Coates and his bride of sixty years ago formed colorful notes about the house. On the refreshment table was a bowl of red roses.

Aides were Mrs. David W. Ritchie, Jr., Mrs. James Coates, Mrs. Greyson Coates, Mrs. Bessie Coates Pitzer, Mrs. John Weaver, Mrs. Fred Haus, and Mrs. John McCullough.

Relatives were guests at the reception and were: Mr. and Mrs. Fred S. Haus and Mr. and Mrs. Carl Goodard, of Greenville; Mr. and Mrs. DeLoss Murtland, Mr. and Mrs. Lorenzo McCullough, Miss Margaret McCullough, James McCullough, Dr. and Mrs. Loyal Thomas, Mrs. Ella White, Mr. and Mrs. Ensin Tinsdall all of Butler; James Thomas, Mr. and Mrs. DeVan Thomas, of Evans City; Mr. and Mrs. Burton Groves and daughter Kim, Mr. and Mrs. Richard Payne, Dick Payne, Pamela Payne and Dick Payne, all of Fort Wayne, Ind.; Mr. and Mrs. James Heimbach, Youngstown, O.; Mr. and Mrs. Fred Coates and Mrs. Laura Coates, of Edensburg; Mr. and Mrs. Edward Christley of Ellwood City; Mr. and

Mrs. Sherman Weaver and son Tom, of Warren, O.; Mr. and Mrs. James W. Coates, of Constantine, Mich. Mr. and Mrs. Greyson Coates and son Herby and Johnny of Three Rivers, Mich., and Hiram H. Coates, of Chicago, Ill.

DAUGHTERS OF 1812 PROGRAM SATURDAY

New Castle Perry chapter, daughters of 1812, opened its fall season with a meeting in the home of Mrs. W. H. Weinschenk, Savannah road, Saturday afternoon.

During business, with Miss Sarah Wallace presiding, Mrs. F. A. Pinkerton and Mrs. John B. Waddington gave interesting reports of the chapter's work. Opening devotionals were led by Mrs. Weinschenk, the salute to the flag by Mrs. Fred Donaldson, after which the group sang "America".

In answer to roll call members told "Some Historic Place Visited During the Summer".

"Historic Trees" was the subject of an interesting account read by Mrs. Marvin Dinsmore.

Before adjournment, special tribute was paid to one of the chapter's departed members, Mrs. Lydia Mills of Rose Hill, N. Y.

Dainty refreshments were served from a lovely table in the dining room with Mrs. William D. Cobau and Miss Margaret Weinschenk as aides.

Next meeting will be October 18 in the home of the Misses Sarah and Viola Wallace, 215 Meyer avenue, when Miss Virginia Weinschenk will be in charge of the program.

Mary Hannon Honoree
Miss Elizabeth Travers and Mrs. M. P. McCann were hostesses at a party for Miss Mary Margaret Hannon on a recent evening in the home of Mrs. Fred Nene, Wilson avenue. Miss Hannon became the bride of Bernard C. O'Donnell Saturday in St. Mary's church.

Various games and contests were pastimes of the evening.

After the honoree opened a shower of lovely gifts of a miscellaneous nature for her new home, dainty refreshments were served, buffet style, from an attractively arranged table.

BARNESLEY GORDON WEDDING SATURDAY

Trinity Episcopal church was the scene of a pretty fall wedding Saturday afternoon at 4:30 o'clock when Miss Dorothy Jane Barnesley, daughter of Mr. and Mrs. Arnold Barnesley, of 907 Boroline street, became the bride of Glenn Robert Gordon, son of Mrs. Glen Latimer, of 819 E. 2nd street, and Cecil Gordon, of Cleveland, O.

Rev. S. C. V. Bowman, of Sharon, officiated at the open church double ring ceremony in the presence of a large number of friends and relatives. White vases of gladioli, palms and ferns, flanked by lighted candles in tall branched candelabra banked the altar.

The bride wore a wedding gown of ivory satin fashioned with a high jewelry neckline, long sleeves, tapered to a point at the wrists, and a bustle back. Her fingertip veil fell from a lace headress and she carried a white prayer book with a marker of white gladioli and streamers. In her shoe was a "lucky sixpence" brought from England by her grandmother, and for something borrowed she carried an heirloom handkerchief.

As her maid of honor, Miss Joen Gordon was gown in a gown of ice blue satin and net with matching bonnet and mitts and carried an arm bouquet of delicate orchid gladioli.

Robert Smock served the groom as best man and ushers were Theodore Metzler and Edward Anderson.

Following the ceremony and a congratulatory period at the church, a wedding dinner was served to 40 guests in a private dining room in the Castleton where a tiered wedding cake decorated with pink icing rosebuds centered the table and a row of ivory candles in low crystal holders lighted the table.

Mr. and Mrs. Gordon left by car on a wedding trip to New York City and upon their return they will be at home in their new home at 1040 Maryland avenue.

Mrs. Gordon, a graduate of Union high school, is employed as assignment clerk at the Bell Telephone Company and Mr. Gordon, who graduated from New Castle high school, is employed by the Bell Telephone Company.

LUNCHEON GUESTS
IN SAN FRANCISCO
SAN FRANCISCO, Sept. 22—Special guest at a Hawaiian luncheon and private style show September 17 in the Mark Hopkins hotel, at which Hilo Hattie was the featured entertainer, was Mrs. Norman E. Clark of New Castle, Pa. Mrs. Clark shared honors at the main table with the wives of other members of the executive committee and officers of the United States Savings & Loan League. Another New Castle guest at the luncheon was Mrs. George W. Hamilton.

With the hotel's beautiful Peacock Court as their setting, 10 of San Francisco's loveliest models displayed 50 costumes of women's clothes for the out-of-town guests.

The ladies, who are in San Francisco attending the annual convention of the League with their husbands, received leis of native flowers from Hawaii.

Mr. Clark represents District 3 on the executive committee.

Daughters Of Union Veterans
Tent 20 of the Daughters of Union Veterans of the Civil War will have a dinner Tuesday evening, September 23, at 6:30 o'clock at the Y.M.C.A. Additional reservations may be made with Mrs. Bessie Linton, West Washington street.

Following dinner, an inspection of tent work will be made by Mrs. Margaret Smerback, Pittsburgh, at 8 o'clock in Malta hall East Washington street.

EXPERIENCE IS THE BEST TEACHER!

More people are smoking CAMELS than ever before!

With smoker after smoker who has tried and compared, Camels are the "Choice of Experience"!

REMEMBER the cigarette shortage during the war? That was the biggest comparison test in cigarette history.

From day to day, people smoked whatever brand was available: more different brands than they would normally try in a lifetime.

The results speak for themselves. More people are smoking Camels than ever before!

Try Camels. See how they suit your taste... your throat. Let your own experience tell you why, with smoker after smoker who has tried and compared, Camels are the "Choice of Experience."

A DIFFERENT BRAND EVERY DAY! Yes, that's the way it was during the wartime cigarette shortage. That's how millions learned the big differences in cigarette quality... why more people are smoking Camels than ever before.

According to a Nationwide survey:
MORE DOCTORS SMOKE CAMELS
THAN ANY OTHER CIGARETTE

When 113,597 doctors from coast to coast were asked by three independent research organizations to name the cigarette they smoked, more doctors named Camel than any other brand!

GLENN MCCLURG
EVENING WEDDING
Mahoningtown Presbyterian church was the scene of an evening wedding at 7:30 o'clock September 19, when Miss Ruth Glenn of 3 West Edison avenue, daughter of Mrs. Asher G. Glenn of Springfield, N. Y., and the late Mr. Glenn, became the bride of Robert F. McClurg, son of Mr. and Mrs. W. P. McClurg, of 311 Fourth street, Rev. Howard A. Redmond officiated.

The bride wore a gown of white crepe with matching headress and carried a white Testament with a marker of orchids. As her matron of honor Mrs. Albert A. Helker wore a gown of blue crepe with a matching headress and carried an arm bouquet of white baby mums.

Wendal H. McClurg was best man, and ushers were Robert K. Wilson and Richard McClurg.

As soloist Mrs. Wendal H. McClurg sang "At Dawning", "Because" and "O Perfect Love", with Miss Eileen Scheidmante as organist.

Immediately following the ceremony there was a reception in the church parlors.

Mr. and Mrs. McClurg left by car on a wedding trip to Canada, and

on their return will take up residence at Mahoningtown R. D. 7. Mrs. McClurg is secretary to Attorney J. W. Rhodes and Mr. McClurg is a draftsman for the United Engineering & Foundry Co.

EVENING RECEPTION
HONORS NEWLYWEDS
Several hundred guests, including a number from out of town, attended the reception given Sunday evening for Mr. and Mrs. Louis Lerner by the bride's parents, Mr. and Mrs. Harry Solomon, in their home at 133 East Leasure avenue.

The bride is the former Tillie Solomon, who was married September 7 in Wooster, O., at the home of her sister, Mrs. Samuel Brenner.

Between the hours of 7:30 and 11:30 an instrumental trio, a piano and two violins, played lovely selections of chamber music for the entertainment of the guests.

For the occasion the bride wore her wedding gown of aqua silk jersey, afternoon length, with gold accessories and a corsage of pink roses. The hostess received in a pink and black print gown with a corsage of pink roses and white baby mums.

Refreshments were served buffet style from a beautifully appointed table in the dining room. As a highlight, the newlyweds cut a second wedding cake for the assembly.

Mr. and Mrs. Lerner received a number of lovely gifts.

The World and the Mud Puddles

TO BE EXPECTED

Lindsay Warren, Comptroller General of the United States, reported to Congress that the General Accounting Office has discovered seventy-nine cases of fraud in war contracts, terminations and fifty-seven other cases where settlements had been "induced by fraud." Mr. Warren notes that there has been large scale misfeasance and malfeasance in these settlements and calls attention to the fact that in some instances government officials who negotiated settlements were afterward given high positions with the firms with which they negotiated.

The Canal and International Highway fiascos already have shown unparalleled waste in war outlays, and there have been published reports of wholesale squandering in maritime deals. The May-Garrison case has attracted wide attention on account of the high prestige of former Representative May as chairman of the House Military Affairs Committee. But the statement of Comptroller Warren indicates that this case, according to the government charges, is a mere "chicken feed" affair as compared with others not yet fully revealed.

Interesting Statement

In this connection the disclosures concerning the theft of atomic bomb secrets by a pair of government employees, a press report makes this interesting statement:

"Joseph Volpe of the Atomic Commission security division, announced that all fifty thousand employees of the vast atomic project are now being screened for loyalty by the FBI."

The little word "now" seems here to have special significance. Why, considering the vital nature of the atomic project and the manifest anxiety of certain powers to obtain information by hook or crook, should the fifty thousand employees be subjected only "now" to scrutiny as to their loyalty?

There is no denial of the fact that the New Deal for years has been a haven for all the radicals, alien ideologists, crackpots, Communists and fellow travelers in the United States, not only in minor but major positions.

A screening of these "now" is only another case of belated locking of the stable door.

The Parent Problem

QUESTION OF BUYING FRIENDS WITH MONEY

You know some adults who try to purchase social status with money or other material means. Do they ever acquire devoted permanent friends in this way?

You know some grandparents and other relatives, even some parents, who try to buy the affection of a child. Have you ever really seen it work in the long run? More often than not these adults so build up selfishness in the child and themselves eventually defeated.

Through Understanding True affection can be bought with money or with price. We best win the child's affection through understanding him as a person and (Continued on Next Page)

Good Taste

By FRANCES MARKEE

ON BEING PROPERLY INTRODUCED

"About a month ago at a game which I attended with my sister, a boy of my own age, 18, sat next to me. In our enthusiasm for the game, we naturally got into conversation. Although he was not 'properly introduced' to me, we discovered that we have many school friends in common. He goes to school with several of my classmates. He has telephoned me numerous times for a date but Mother says I must not date him, since he is merely a pick-up. He is really a very fine boy working his way through college, very interesting and all that. I would love to go out with him but dare not. Don't you think Mother is unreasonable, especially since we have very few friends of the opposite sex, and would really like to go around more than I do?"

Answer: At your age, Mother always seems unreasonable. You get the impression that she has formed a conspiracy against your ever having a good time. But you have to be a mother to realize the responsibility of taking care of a teen-age girl. There are so much freedom and so many temptations today that the anxiety is tremendous and extremely frightening for a mother who wants to be a good sport and a capable, good mother at the same time. Hers is a difficult job. Remember that her refusals are for your own sake, not her own. Looking at your side of the story: In view of the circumstances—your mutual enthusiasm for the game, your friends in common—it isn't an ordinary pick-up. Why not explain to the boy just what your difficulty is—when next he telephones. He will respect both you and your mother for the caution. Then go to your mother, tell her the circumstances, ask her if you might have a party inviting the boys and girls whom you both know, as well as the boy in question. Have one of the boys or girls "properly introduce" him and let your mother judge his worth for herself.

Russian "Blackball"

Voluntary Disarmament?

(By Holmes Alexander)

WASHINGTON, D. C., Sept. 22.—Like a dog chasing its own tail, the subject of world disarmament gets nowhere, but it always attracts attention.

The wonder is that we have gone several months without some politician making headlines with a proposal that the world's nations start beating their swords into plowshares. Such suggestions, of course, always carry the proviso that the U. S. take leadership in preaching, but not practicing the idea. Latest proposal of this sort which comes to mind was one made during the congressional session by Senator Tydings. The Marylander—after warning the nation against setting the disarmament example—came up with this daring statement:

Would Give Support

"The voices of all mankind, if they could be registered, would, I believe, support the proposition of world disarmament. The people of the world are for it."

Mr. Tydings, like so many others before him, seems content to take an "E" for effort and to enjoy the applause and inner pleasure that go with the expression of good intentions. But this sort of talk only shows why the tail-chasing dog gets nowhere. One-track thinking always beats around in circles. So long as statesmen begin and end with the proposition that disarmament must be voluntary, we seem certain to stay in our present predicament.

But the main fact seems to be that nations cannot be reduced to bare knuckles without some sort of compulsion.

Where does this disarmament matter stand today? There are only two major nations without the where-with-all for making war. They are Germany and Japan. They are not in their present condition by their own choice. They are helpless and helpless by our choice.

Where Discussion Begins Now, certainly, this is the point where all disarmament should begin. It is downright silly to keep saying that the people of the world "favor" disarmament and in the same breath that it can only be done voluntarily. The world's people, must as they dislike war, do not "favor" being stripped of the means of self-defense or of self-protection by recourse to arms.

There is no nation on earth which would voluntarily lay down its weapons. But a way is at hand for making some of them disarm involuntarily. We are soon to offer undetermined billions of dollars in loans and aids to foreign countries for the purpose of stimulating production of consumer goods. But we know that something like 19 million units of productive manpower today are under arms. We know that something like 27 billion dollars are being annually expended to maintain and equip these armies. The surest possible way to put some of these soldiers back to work is to the disarmament strings to the loans and aids we are offering.

Effective Compulsion

This would be compulsion of the most effective sort. Alarms will immediately cry out that it is folly to disarm potential allies. But how many of the 16 Marshall plan nations are worth maintaining as military helpmates? It is a question which the chief of staff would have to answer, but World War II showed that most small nations on our side were nuisance responsibilities.

Did Belgium, which did a little fighting, help the Allied cause more than Denmark which did no fighting? Was Italy, which changed sides, a greater asset than Sweden which stayed neutral? Every preview by military experts and scientists tells us that the next world war will be fought more by push-button than by masses of men. Of what possible use to the U. S. are the papier-mache regiments and popgun armaments of half the nations now in the international badline?

Since a beginning must be made, here is the opportunity to make it. Here is a chance to force disarmament upon a portion of the world, a chance to create a few cases of full-time production for peace where science and the arts can flourish without paying annual tribute to Mars. There is no better insurance against communist infiltration than local prosperity. If there are small nations whose integrity we must guarantee we can guarantee it just as well—or better—if the small nations' teeth are pulled. Far from weakening our line-up for the predicted struggle with Russia, we would only be separating the men from the boys.

Moreover, the benefits of compulsory disarmament in small countries would be so manifest that the idea might become contagious. And the worm-eaten theory that people "favor" disarmament might come to make real sense.

Looking At Life

By Erich Brandeis

One of my readers wants to know, "how and where" I proposed to my wife and what I said when I proposed.

She thinks that, after so many years of happily married life, my technique in proposing may well serve as a model to others who, although they would like to get married, dread the ordeal of proposing.

Well, let me tell you, here and now, that I don't advise anybody to go about marrying the way I did. Pretty nearly everything in connection with my marriage was completely unorthodox and would probably not work out in one case out of a thousand.

In the first place, I knew fifteen minutes after I met her that that particular person was the one for me.

In the second place, I am quite sure that she knew just as well that she did not want me.

We seemed to disagree about almost everything under the sun, and our tastes and temperaments were exactly opposite.

But, with me it was definitely love at first sight.

We were never engaged. We just saw each other every night and argued.

Finally, after about three weeks or so, I got tired of arguing. It would have to stop or I'd go crazy.

Then came a very nasty morning. It was raining cats and dogs, there wasn't a ray of sunshine in the offing and I felt miserable.

So I called up this particular person and asked her to meet me at the City Hall at 12 o'clock sharp.

She was working and so was I, so I told her to make it snappy, as I had only one hour for lunch and I knew she had to go back to her job.

She said, all right, she'd meet me. "By the way, what do you want to meet me for way down at the City Hall?" she asked.

"You'll find out," I said, and we hung up.

I borrowed \$2 from my friend John Medbury, and took the subway down to the City Hall. I got there just about five minutes to twelve, rushed to the clerk's office and got a license. (It was easy in those days.)

The certain person got there about five minutes after twelve and by that time everybody in the City Hall had gone to lunch.

So I told her we'd have to wait, as we needed two witnesses to get married.

"Get married?" she said. "Yes, what's wrong with that?" "Nothing, I guess."

At twelve-thirty the Clerk's clerk got back. He asked two of them to act as witnesses. We raised our hands and swore to love, honor and obey.

That's how I proposed—almost 26 years ago. (Copyright, 1947, King Features Syndicate, Inc.)

Export Trade Drying Up State Department Warns Europe's Dollar Supply Reaching Critical Level Hoof And Mouth Disease Threatens

Special to Central Press

WASHINGTON, Sept. 22.—Behind the gloomy statement by Acting Secretary of State Robert Lovett concerning Europe's mounting crisis was the hard, realistic fact recognized by many businessmen that export trade is rapidly drying up.

Lovett told newsmen that the European situation is due to come to a head faster than Allied planners had expected. However, it was left to the Commerce department to give businessmen the sad details about trends in export trade.

Shipment overseas during July were seven per cent below June and 19 per cent under the post-war high recorded in May. Behind this is the fact that Europe's supply of dollars is almost depleted and little short of the Marshall Plan or interim loans will help.

Europe would like to have the Marshall Plan in operation as soon as possible, but State department experts pessimistically contend that it couldn't be put into operation soon enough to head off the crisis in Europe's desperate plight.

THE U. S. CHAMBER OF COMMERCE is trying to help local businessmen find a way to diminish the number of crumpled fenders and ease the bad tempers caused by the nation's parking dilemma.

At a business men's conference on urban problems planning officials and traffic engineers suggested through express highways. "Open subways" freeways and modernized public transportation systems as possible solutions to the traffic jams that are "blighting" the central sections of many cities.

Acknowledging that those things cost money, and plenty of it, the experts went on to point out that such inexpensive practices as synchronizing traffic lights one-way streets and parking bans during busy hours could do much to keep traffic on the move.

The conference pledged itself to "mobilize public opinion" into accepting modern traffic solutions.

DEMOCRATIC LEADERS and labor chiefs are blaming each other for the intense ballyhoo that preceded the Republican victory in Pennsylvania's eighth congressional district race.

The campaign between Republican candidate Franklin Lichtenwalter and the labor-backed Democrat, Phil Storch, had been labeled a "testing ground" for ballot box reaction to the Taft-Hartley law.

Labor went all out to consolidate its front in Allentown, which is center of the district and a so-called "typical American community". Then after the shooting was over, Lichtenwalter had won over Storch by more than 17,000 votes.

The Republicans, naturally, gleefully accepted PAC and Democratic claims that Pennsylvania's eighth was a "testing ground" and unleashed a withering political barrage. They claimed the vote showed public support for the Taft-Hartley law.

Too late, observers agree, Democratic Executive Chairman Gael Sullivan fired back with the reminder that the district was normally a Republican one.

The PAC-Democratic publicity buildup backfired at a critical time in pre-convention hurly-burly, and chiefs of the two organizations are trying to fix the blame. The adverse results of the publicity are being likened to those which followed the late Wendell Wilkie's defeat in 1944 in the Wisconsin primaries.

CATTLE SLAUGHTERED IN MEXICO—Agriculture department officials in Washington report that the all-out campaign to eradicate the dread hoof and mouth disease in Mexican cattle has hit some of the finest herds in Mexico.

United States and Mexican officials are cooperating to wipe out the disease south of the border before it spreads into the United States.

One Mexican herd, composed of 270 registered and grade animals was the most productive dairy unit in the republic. Although many of the cows had won exhibition prizes in national and international competition, the dread disease struck them and they had to be wiped out.

In View Of The News

By J. C. Oestreicher, INS Foreign Director

A stoop-shouldered, white-haired man, 64, honored by the Soviet Union as its top-flight expert in law and jurisprudence, stood squarely in the uneasy spotlight of world attention today.

He is Andrei Januarievich Vishinsky, deputy foreign minister of Soviet Russia who a few months ago carried off the Stalin prize for a book he wrote on court procedure and who far more recently set the United Nations assembly on its beam ends by hysterical charges of American war-mongering.

Heard Throughout World The ripples, repercussions and overtones of Vishinsky's allegations are still being heard and witnessed throughout the world.

Those whom he criticized most vigorously have given their answers. But no development has occurred thus far to eliminate or even minimize the fact that an aggressive and open state of diplomatic warfare has been declared by Moscow upon Washington.

It was to many observers surprising that Vishinsky had been chosen by Premier Stalin to launch the Kremlin's verbal bombshell.

And coming from him, the statement had all the more impact. The United Nations and the Big Four Council of Foreign Ministers long ago became accustomed to the blasts and tirades from Andrei Gromyko and V. M. Molotov.

Vishinsky's personality, on the other hand, always presented itself as that of a man of culture and politeness.

Remorseless Advocate It is true that he gained a reputation as a remorseless advocate when he served as chief prosecutor of the USSR during the world-famous circus that were known as the Moscow treason trials.

But his bearing in international circles always was one of grace, and along with his command of languages he invariably displayed a facile with that led many to believe he sprang from a far more aristocratic lineage than most of the old-line Communist leaders.

Born in 1883, Vishinsky made his first appearance as a fledgling revolutionary in 1902, when he broke away from servitude to the Czars and joined the Russian Socialist party.

He became an avowed Communist in 1920. Throughout the years, he rose higher and higher in the Politburo and always was seen, along with Molotov, close to the right hand and bulky shoulder of Joseph Stalin.

Vishinsky's speech obviously was dictated by the Kremlin and represents a Soviet policy definitely laid down for an unpredictable future. The world still awaits a full delineation of his intentions and those of Moscow.

Your USED FATS ARE Still Needed!

says KATHARINE FISHER,
Director of
Good Housekeeping Institute

We're still not out of the woods, by any means. There is still a fat shortage all over the world. Here is what Mr. Clinton P. Anderson, Secretary of Agriculture, says about the situation: "It is still necessary to conserve every pound of used fat, since the over-all fat supply situation is little better now than it was last year." So... all of you women who have done such a marvelous job... please, **keep up the good work.** It's the only way we can beat the shortage. Remember, every pound of salvaged fat helps.

Genevieve Riddle Named To Advisory Board Of Magazine

Senior High School Teacher Named To Board Of Weekly Classroom Publication

NEW YORK, N. Y., Sept. 22. — Miss Genevieve Riddle of the teaching staff of Senior High School, New Castle has been named a member of the editorial advisory board of Practical English. This scholastic magazine board is composed of outstanding educators from all sections of the country. They serve as advisers on editorial policy for the weekly classroom magazine which has a large circulation in the nation's schools.

Before coming to New Castle, Miss Riddle taught in the Warren, Pa., high school. She is a graduate of Grove City College and has a master's degree from the University of Pittsburgh.

Fawn Becomes Community Pet

GROVE CITY, Pa., Sept. 22. — A new-born fawn found at the roadside near North Liberty in mid-June by Earl C. Heasley, Jr., has become the pet of the entire neighborhood.

Earl carried the fawn home, fed it milk by the spoonful for a week, and when it was strong enough, liberated it. The animal returns daily for meals, frequently going into the basement through an outside entrance, to drink milk cooling in pans.

THE PARENT PROBLEM

(Continued from Page Four)

treating him as such, as we win his esteem of us as persons, as we enjoy companionship with him and help him to enjoy worthy achievement and to feel worthwhile in the family group and among his contemporaries.

If your young child has many more playthings than his playmates and many more sweets to hand out to them he may, before you know it, try to attract them to his house to play with him solely by means of these material things. In many cases he can have his way with these purchased playmates if he can buy them to stay when they dislike his way and are about to leave.

Bribing Children

You have seen a youngster five, seven or ten bribe some other children to come to his home by telling them of the gum or candy or cake or fruit he has there to give them. Or the child who drags out apples, oranges, bananas to the children who assemble outside his home or come into it. If he be your child you may have supposed he was exercising great generosity. How could he have better practice in selfishness? You may discover that the other children have prompted him to bring out the fruit or other goodies. Consider the moral harm being done to these other children, too.

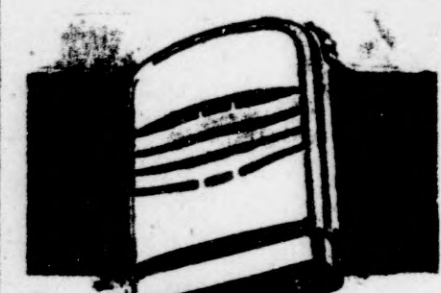

Discourage this practice. Allow such handouts very, very rarely. Instead, clearly limit your child to such luxuries as you are sure he should have. So long as he has all the good things he wants for himself and also all he wants to distribute among other children he is not sharing. If, instead, on receiving one apple or banana he cuts it into enough parts to let each other child have a part as large as or larger than he keeps for himself he is really sharing.

Teach Real Sharing

It may not be quite so easy to teach him real sharing of his toys or to prevent him from bribing one or two other children "to come over for I have some gum." Even then he would be better off with fewer toys and less gum.

Your child is not gaining well in personality and moral character unless he attracts and holds his playmates because he is himself a good playmate. My bulletin, "Your Child and His Playmates" may be had in a stamped envelope by writing me at 235 East 45th Street, New York, N. Y.

School Band Trip Fund Committee Will Meet Tonight

Pledges Are Being Made To Fund To Send High School Band To Bethlehem

Chairman Edward Raney of the "On to Bethlehem" committee which is raising funds to take the Senior High school band to Bethlehem, Pa., on Thanksgiving Day has called a meeting in the Castleton hotel for tonight.

Since the last meeting of the committee Mr. Raney and his colleagues have been at work and a number of contributions have been pledged. The New Castle News has pledged \$100 to the fund, Ivor V. Davis has pledged \$25, Charles E. Britton \$25, and a number of smaller pledges have been made.

The meeting tonight is for committee members and any other persons interested in the band. Fans like the idea of sending the band down. It will mean a showy bit of dressing for the game, it will show the Bethlehemites a real band, and will give New Castle some favorable publicity.

Contributions can be mailed or left with City Treasurer B. N. Hanlon in the city hall. Mr. Hanlon is the treasurer of the fund.

Jewry To Observe Day Of Atonement

Yom Kippur Services Start Tuesday Evening, Continue Wednesday In Local Synagogues

The great Day of Atonement Yom Kippur, of the Jewish religion falls on Tuesday evening at sundown, September 23, and continues until sundown, Wednesday the 24.

For the Jews throughout the world to stress the value of directing our daily conduct into finer and more spiritual channels. It is the conclusion of the ten Penitential Days during which people may find forgiveness for their sins of omission and commission. The first step in this process of winning God's forgiveness, however, is to make peace with one's fellow men for any dereliction of conduct of which one may be guilty.

The afternoon of the Day of Atonement consists of an impressive Memorial Service during which the names of the departed during the past year are recalled. The entire congregation then joins in the memorial prayer to show its spiritual fellowship with all of Israel.

The afternoon scriptural reading is particularly noteworthy. It consists of the Book of Jonah.

Special Services
Special services have been arranged for the local synagogues to be conducted during Yom Kippur. At Temple Israel, Dr. Iwan J. Gruen will conduct Yom Kippur service Tuesday evening, at 7:30 o'clock. His sermon will be "World Neurosis".

Wednesday morning services will be at 10 o'clock, and the sermon topic is, "Affecting Our Souls". Memorial services will be conducted Wednesday afternoon at 4 o'clock.

Tifereth Israel Yom Kippur services will start on Tuesday evening at 5:45 o'clock with the singing of the Kol Nidre. Rabbi Abraham Zuroff of New York City will later preach the 7 o'clock sermon.

On Wednesday morning, services will start at 7:30 a. m. Rabbi Zuroff will preach another sermon, prior to the memorial services at 11:30 a. m.

Identify Body Of Woman Found Two Weeks Ago

BENTON HARBOR, Mich., Sept. 22.—(INS)—The body of an attractive young brunette believed to have been strangled near Benton Harbor two weeks ago today was identified today as 19-year-old Catherine Tina Jacobs, a Chicago night spot dice girl.

Identification was made by the girl's mother, Mrs. Jeanne Dianna, of Chicago.

A former professional contortionist, she was the bride of 21-year-old Chicago bartender Marshall P. Jacobs. Berrien County Sheriff Edwin H. Kubath said he learned the couple arrived at Benton Harbor on their wedding day, Sept. 6, quarreled and separated.

He said he learned the quarrel was over Jacobs' refusal to take his bride to New York for a honeymoon.

The Wesleyan Female college at Macon, Ga., was founded in 1836. The first degrees were conferred in 1840.

Cancer Exhibit Concludes Here

Mrs. Bertha Driggs, executive secretary of the County Chapter, American Cancer Society, announced today that the effective window display on cancer has concluded in the city. The exhibit was shown in two downtown stores during the past two weeks.

The cleverly-arranged display attracted many passers-by by the effective method of graphically showing how cancer starts and can be eradicated or cured.

The Court of the Palace was an English court of limited civil jurisdiction, originally constituted by letter patent in the reign of James I. It exercised jurisdiction over all personal actions arising between parties within 12 miles of Whitehall, except in the jurisdiction of the Court of the Marshalsea or the City of London, or in the Westminster Hall. The judges of the court were the Lord Steward, the Marshal of the Household, and the Steward of the Court.

Graduate From Mortuary School

Two local youths who were graduated on Sunday from the Pittsburgh Institute of Mortuary Science in Pittsburgh were George H. Crunkleton, son of Mr. and Mrs. J. G. Crunkleton, of 245 West Grant street, and Raymond L. Dillard, grandson of Mrs. Blanche Dillard, 131 Elm street.

The young men have completed a 12 months course and successfully passed the requirements.

George H. Crunkleton will serve his two years' apprenticeship with his father, J. G. Crunkleton, on Grant street.

Handicapped Week Plans Being Made

From Oct. 5 to 12 will be known as "Employment of Physically Handicapped" week in the state and the local office of the Pennsylvania Employment Service is laying plans to make the period a success in New Castle.

Tonight there will be an important meeting of delegates from service clubs, veterans' organizations and industries at the PSES offices.

Citizens bank building, E. Washington street, beginning at 8 o'clock. It is hoped to speed up the absorption of impaired workers into local industry during the week set aside by the commonwealth.

Harvest Ball At East Brook High

Miss Joan McKee Is Crowned As
Harvest Queen During Pro-
gram Of Evening

East Brook high school was the center of a gay evening's entertainment when students, faculty, patrons, and friends gathered in the gymnasium to celebrate their Harvest Ball. This, the first activity of the season, was sponsored by the sophomore class.

The gymnasium was gaily decorated with streamers of varied-colored crepe paper and balloons and flowers. A food bar was cleverly arranged where quantities of hot-dogs, ice cream, candy, cider, doughnuts and coffee were in demand during the evening.

A high point of interest was the coronation of the Harvest Queen, Miss Joan McKee, her attendants being Barbara Mayberry, Rosemary Audia, Donna Henderson and Mary Jane Lockhart. The crowning ceremony was conducted by master of ceremonies, Richard Mayberry, who crowned the queen, presented her with a corsage and a gift, and seated her on the throne. The orchestra then played "If You Were The Only Girl In The World" with John Rung vocalizing.

Round and square dancing was the chief diversion of the evening with a cake-walk attracting a host of guests. Corine Clement and Clare Martin were the winners of cakes. Later in the evening drawing for door prizes was a feature at which time several beautiful prizes were won by the holders of lucky numbers.

At a seasonable hour the party ended with a feeling of fellowship and anticipation for future school events.

Rev. Fr. J. P. Harvey Begins New Duties

New Castle friends of Rev. Fr. James P. Harvey will be glad to know that he has assumed his new duties as assistant pastor of St. John's church, Monaca, Pa.

Rev. Fr. Harvey's appointment by the Rt. Rev. Bishop Hugh C. Boyle of the Diocese of Pittsburgh became effective early this month. Rev. Fr. Harvey left New Castle last winter. While in this city he served as assistant pastor of St. Mary's church.

Gaston Post To Elect Officers

New Officers For Coming Year Will
Be Chosen At Annual Meet-
ing Tuesday Evening

Perry S. Gaston Post No. 343, American Legion, will have its annual election of officers at the meeting to be held Tuesday evening in the Legion home at 8 o'clock.

Nominations, which were presented at the meeting two weeks ago, are held open until the coming meeting, when the election will take place.

The post will also give a final vote on expending monies for the equipping of a uniformed burial detail, and for the Sesqui-Centennial celebration to be held next summer.

The meeting will take place in the Post's recreation rooms at 328 Neshannock avenue, and members of the newly formed West Pittsburgh Legion Post will be special guests.

The first Diesel locomotive went to work on U. S. railroads 13 years ago.

County Legion Committee Meets

Plans for Armistice Day were discussed at the monthly meeting of the County Committee of the American Legion, held in the rooms of J. Wilbur Randolph Post of Ellwood City Friday evening, and the report of the committees showed that plans for the celebration, which will take place this year in New Castle, are virtually complete.

The meeting night of the committee has been changed from Friday to Wednesday because of too many conflicting meetings and entertainments occurring on Friday nights.

Wage Increase At Shenango Pottery

Second Increase This Year Gives
Employees A 14½ Cents Per
Hour Increase

Shenango Pottery employees have received a six cents per hour wage increase, which went into effect recently. An average increase of 14½ cents per hour was given employees this year, following the general wage pattern, the first increase of 8½ cents being effective in February of this year.

In addition a six cents per hour bonus will be given to all employees for all hours worked on Sunday. John H. Grille, staff representative of CIO, James Smith, Jr., president of the Shenango Pottery company; G. B. Zahniser, vice-president of the plant, and Jack McCombs, chairman of the negotiating committee of Local 3123, Shenango Pottery, were present during the terms negotiations.

Makes Complaint To State About Cascade Dump

Complaint has been registered in a petition to the state health department concerning conditions at the Cascade street dump. Several days ago council promised to stop the burning of refuse at the dump, but according to Sandy DePlacido, County Line road, nothing has been done toward this end. The residents complain of the stench, smoke and papers which drift on nearby properties.

COIN CLUB WILL MEET MONDAY EVE

New Castle Coin Club will have its first meeting of the fall season on Monday evening at 7:30 o'clock, in the Y.M.C.A., when plans for the coming fall and winter activities will be discussed.

Visitors from some of the surrounding clubs are expected to be present for this meeting, and some new displays are looked for.

AWARDED VICTORY MEDAL

Two Ellwood City men, Pfc. Eugene E. Klindienst, USMC, son of Mrs. Gladys C. Klindienst, and Charles A. Morrow, seaman, first class, USN, son of Mrs. Raymond Morrow, have been awarded the World War II Victory Medal in ceremonies held aboard the aircraft carrier USS Princeton.

Seek New Vote In Close Election On Wet And Dry Issue

LANCASTER, Pa., Sept. 22.—(INS)—Wet forces in West Lancaster township today sought another local option election after charging that six voters were denied wet-dry ballots September 9. The township went dry by five votes.

The Lancaster county court said a date would be fixed Monday for a hearing on the petition.

Counsel for incumbent Democratic Commissioner Fred Wagner, who apparently lost the nomination to George Carpenter by 14 votes, said a re-election would be sought in the township and charged that 75 persons had been allowed to vote after the polls closed.

Curtailment Of Power In France

PARIS, Sept. 22.—(INS)—France today faced sharp curtailment of electric power two days a week as part of the government's winter "distress plan."

The new government order which replaces the one-day-a-week electricity shutdown now in effect will begin Sept. 24.

The French Association of Manu-

facturers quickly opposed the electricity cut, which applies to industrial as well as private consumers.

The association predicted it would have "disastrous repercussions" on the French emergency measures were caused by inadequate coal supplies from Germany and severe drought which has cut water supplies to hydro-electric plants.

Meanwhile, Switzerland, also ef-

fecting by the drought, announced electricity restrictions for the first time.

The tin, lead and iron ore industries of Nigeria, British West Africa, are old and valuable. Nigeria's chief exports besides the ores are palm oil, palm kernels, cotton lint, cocoa, hides and skins. Nigeria is a protectorate with a British governor.

GOLDENROD MYTH
ITHACA, (INS)—Goldenrod has nothing to do with your hay fever sneezes. So declares Prof. W. C. Muenscher of the Cornell University Botany Department. He reported recently that no evidence

exists that any of the 20 or so species of goldenrod growing in the northeast afflict hay fever sufferers. The evidence is to the contrary. Goldenrod pollen is too heavy to be carried by the wind," he declared.

Wesleyan university at Middletown, Conn., was founded in 1831. The campus and grounds include about 40 acres situated on a terrace above the Connecticut river. From 1872 to 1912 the college was co-educational.

Governor Duff Is Fish Feeder

Makes Visit To Supply Grasshoppers And Bread To Fish In Lake

OTHER NEWS OF

STATE CAPITAL

HARRISBURG, Sept. 22.—(INS)—Governor Duff is a fish feeder... instead of fishing in Memorial lake on the Indiantown Gap military reservation, he makes nightly visits to toss grasshoppers and bread onto the water... The fish apparently have come to learn of the regularity of his nightly visits because the water swirls as they snap the food from the surface at the first toss... The governor gets the grasshoppers by waiting until evening when they alight on corn stalks... The lake was created by damming a stream draining an artificial body of water used during the war to training troops on the reservation... The fish were swept into the second lake by overflow waters.

The governor and Mrs. Duff entertained the Capitol Hill press corps at the "Story Book" home on the reservation, where by governors as a summer executive mansion. High spot of the evening was a delicious buffet served on the lawn surrounding the beautiful three-story home... All the food served, except the meat and butter, came from the governors garden at Indiantown... The meat, however, came from a steer especially fattened on a farm near Hershey... Mrs. Duff, whose fame as a cook has not been dimmed, admitted that she had trained cooks to prepare food according to the governor's taste... The Dutch colonial home is built of native field stone... The interior is furnished in Pennsylvania-Dutch style with some almost priceless pieces... The home, property of the Commonwealth, was built during the Marston administration to overlook the 16,500-acre military reservation 17 miles from Harrisburg.

John E. Peters, long a thorn in the side of the Taylor organization, failed in his independent bid for the Republican mayoralty nomination at Harrisburg but apparently he won organization forces over to two of his pet projects... Goaded by Peters' campaign denunciation of poor recreational facilities, organization candidate Claude R. Robbins pledged his first year's salary of \$5250—if elected—to improving playgrounds... Robbins also promised to erase gambling and whatever vice existed in the city... Robbins, head of a wholesale jewelry firm, is reported to have a personal fortune running into six figures... As an aftermath of the close call experienced by the Taylor-controlled organization in the mayoralty nomination lost by Peters by a mere 4000 votes, Dr. James K. Loewen announced he would resign as a GOP state committeeman... Loewen's desertion may have signaled the beginning of a political maneuver to undercut the power of Taylor.

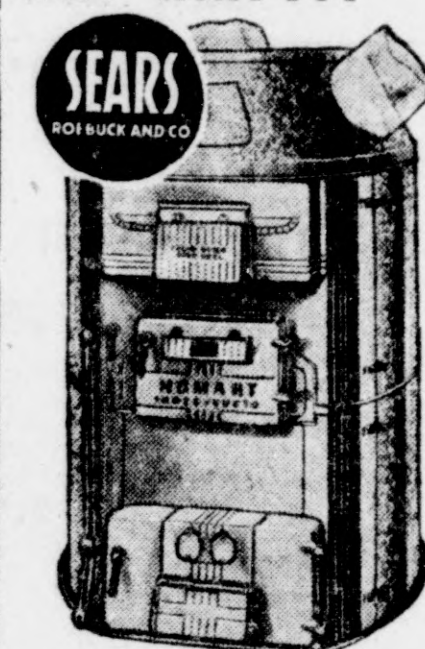

The department of internal affairs believed small communities surrounding cities were beginning to see advantages in consolidation... For cities, it was a matter of merging or confining growing populations to existing boundaries, the department said... consolidation was being considered at Wilkes-Barre... Mergers were rejected by small communities contiguous to Wilkes-Barre in 1927 and 1939.

The 1947 session of the general assembly ended in June but the official reporters have yet to complete transcribing the work of the closing weeks of the session... A chief official reporter receives \$18 a day while an official reporter gets \$15... Expert typists earn \$7 daily, the same as copyreaders.

Report Russian Troops Moving

London Hears Soviet Troops Are Being Shifted In German Occupation Zone

LONDON, Sept. 22.—(INS)—A Berlin dispatch to the London News Chronicle said today that new Russian troops are being moved into strategic positions in the Soviet Zone of Occupation in Germany and that all along the Baltic coast "the gloves of war are being put on again."

The dispatch said that the Russian troops, including tank formations, are being moved in readiness for any situation which may arise if the November conference in London of the Big Four Foreign Ministers fails.

The action also was attributed in part to Soviet desires to be prepared if "the existing fundamental East-West disagreement over Germany's future crystallizes into an open cleavage."

The Chronicle's correspondent said that the Soviet government, while having no intention of scaring the world with a threat of a new aggressive war, believed the outcome of the London Conference may make Russia strategic position in Central Europe insecure. Consequently it was said they are taking precautionary measures.

Berlin observers were said to regard the action as indicative of Russian nervousness rather than aggressive intent.

Film Star Of Early Days Dies

HOLLYWOOD, Sept. 22.—(INS)—The film industry today mourned the loss of one of its best-loved early-day stars, Harry Carey.

The veteran actor, in pictures since 1910, died late yesterday at his home on Mandeville Canyon road. He was 69.

The immediate cause of death was a coronary thrombosis, but a lung and heart condition which forced his retirement last year apparently was aggravated by the bite of a Black Widow spider at Balboa Beach a month ago.

With Carey when he died were his wife, son, daughter and Director John Ford.

PRO-FASCIST HELD

LONDON, Sept. 22.—(INS)—Jeffrey Hamlyn, pro-Fascist supporter of Sir Oswald Mosley, was remained on bail today until Oct. 10 at a hearing in Magistrate's Court on a charge of using "insulting" language at a public meeting.

The leader of the British League of Ex-Servicemen was arrested by agents of Scotland Yard's special branch at a meeting last night in the Dalston suburb of London.

It is generally supposed that the expression "to fit to a T" allude to the T-square used by carpenters. "To fit to a T" means to fit exactly, just as the T-square does to the surface of boards or blocks.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness. To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Start Effort To List Rooms Here For Conventions

Selling ladies' hats is not one of the functions of the Greater New Castle Association.

But telling the ladies how to get a new hat without nicking hubby's bankroll is something else again.

Into the mail today went the first batch of 5,000 booklets directed to Mrs. New Castle. On the fly leaf is the line "We're not selling hats, but we know how you can get one—and make hubby smile."

To List Rooms

The booklet is the beginning of a campaign to list rooms in New Castle for delegates and visitors to conventions, and to quote the booklet again, "that spare room is the object of our affections." What the GNCA wants to do is to get a listing of spare rooms in homes which the lady of the house is willing to rent to convention visitors, by appointment.

There are a number of conventions listed here and more in the offing. The hotel space in the city is insufficient to care for the visitors and private homes are the only answer if the need is to be met.

Idea Presented

Conventions are small industries without factory buildings, in that they supply fresh purchasing power. The idea is to have a list of rooms in the GNCA. When a convention comes to the city, guests can be channeled into the homes by arrangement. All guests will be screened by the GNCA and the householder given ample time to prepare for them.

It's an idea that is good every way you look at it. The visitor to the city gets a comfortable room, the housewife is paid for the courtesy, and everybody gains. But then you'll probably get a copy of the booklet so we might as well close right here.

Indians Make Honorary Chiefs Here

—New Castle News Photo

Cheyenne Indians made big pow wow at a council held at noon Saturday in New Castle. Outcome of the pow wow was that city police chief, Robert Hanna (second from left above) and Jacob Wachtman (far right) of the Greater New Castle Association were made Honorary Chiefs in the Cheyenne tribe by Chief Joe Yellow Eyes at a ceremony in front of the City building. Before the ceremony the group of Indians paraded down Washington street accompanied by a huge crowd of children, probably the first that many of them have seen.

HANNON O'DONNELL NUPTIAL CEREMONY

One of the loveliest of fall weddings was solemnized Saturday morning at 10 o'clock, in St. Mary's church, when Miss Mary Margaret Hannon, daughter of Mr. and Mrs. Richard P. Hannon, of Matilda avenue, became the bride of Bernard C. O'Donnell, son of Mrs. Thomas O'Donnell, 418 Buffalo street, Franklin, Pa.

Ferns and fall flowers adorned the altar, and in the presence of friends and relatives, the young couple exchanged vows. Rev. Francis C. McFarler, officiating. He used the double ring service. The St. Mary's church boys' choir provided appropriate nuptial music.

The bride was charming in a white slipper satin gown with sweetheart neckline and bodice of seed pearls. Her fingertip veil fell from a crown of seed pearls, and she carried a white heirloom prayerbook, marked with white gladiolus. Her only jewelry was a necklace, a gift from the bridegroom.

Miss Helen Hannon, sister of the bride, as maid of honor, wore a dusty pink moire gown with matching hat and carried an arm bouquet of gladiolus.

Little Ann Louise Hannon, niece of the bride, of Saginaw, Michigan, as junior bridesmaid, wore a white satin Colonial gown and carried a nosegay. She wore tiny ribbon bows in her hair.

Harry Blakeley of Niles, Ohio, served the bridegroom as best man. Supplementing the wedding ceremony, a brief congratulatory period was held at the church. At noon a dinner was served at a suburban dining room on the New Wilmington road, and in the afternoon from 2 to 4 o'clock, an informal reception was held at the bride's residence.

Mr. and Mrs. O'Donnell departed later on their motor wedding trip to Canada, and upon their return will reside at 191 Wengler avenue, Sharon, Pa.

Mrs. O'Donnell was formerly employed as secretary at the United Engineering and Foundry company. Mr. O'Donnell is employed in the inspection department of the Sharon Steel Corporation. He is a discharged veteran of the U. S. Army, having served for three and a half years, assigned in the European area.

P. F. F. Club

The P. F. F. club met at the home of Mrs. Ray Biddle in Edinburg Thursday evening with three tables of cards in play. Prizes were given Mrs. William Gilboy, Mrs. Willard Belpap and Mrs. Louis Krueger, with Mrs. Jessie Stenger capturing the door prize. Miss Mary Kromac was a special guest.

Assisting Mrs. Biddle in serving refreshments were Mrs. Harriet Buchanan and Mrs. Roy Gibson.

In two weeks Mrs. William Gilboy of North Beaver street will entertain.

Section Two To Gather
Section Two of the First Christian church will assemble Wednesday afternoon, September 24, at 2 o'clock in the home of Mrs. Elsie Nessie, 326 East Wallace avenue. Mrs. Elmer Poole, will entertain jointly.

Section E of the Y. L. B. class of the Third U. P. church will have an all day assembly and tureen luncheon Friday, September 26, at the home of Mrs. James Fox, Harlansburg.

MARGIE ANDRECHIK WEDS H. BUNEMANN

Miss Margie Andrechik, daughter of Mr. and Mrs. Joseph Andrechik, 1702 Huron avenue, and Harold Bunemann, son of Mr. and Mrs. John Bunemann, 105 Richelleu avenue, were united in marriage Saturday afternoon at 2 o'clock, the impressive but quiet service being performed in St. Joseph's church. Rev. Fr. Francis C. Streiff officiated. The bridal party attended holy mass earlier in the morning at 8 o'clock, and received holy communion.

A large circle of friends and relatives attended the ceremony, and lovely summer fall flowers and greens, embanked the altar.

Given in marriage by her father, the bride was lovely in a white slipper satin Colonial gown, with off-shoulder effect edged with imported French Alecon lace. Her long sleeves tapered at the wrists and the draped front was edged with lace and bustle ended in a full hoop skirt, made en train. Her long veil with wide lace edging and heart-shaped train, fell from a peaked crown of seed pearls and silver baubles. She wore a strand of pearls, a gift from the bridegroom, and her arm bouquet was of white roses, with streamers of stephanotis.

Miss Margaret Cepiece of Struthers, O., maid of honor, wore a gold taffeta gown with cape sleeves and bustle, wore matching mitts and headpiece, and carried deep red roses. Bridesmaids, Irene Andrechik, Mrs. Evelyn Hemphill, and Mary Sojak, wore gowns of moss green taffeta, matching mitts, and wore yellow roses headpieces, and carried bouquets of yellow roses.

Kenneth Miller of New Kensington served as best man. Ushers were: Neal Hemphill, William Baltes and Wilbur Goodhart, the latter of Newton Falls, O.

A congratulatory period followed at the church, and at 5:30 o'clock a wedding dinner was enjoyed at the Ecclesian club. At 8 p. m., friends and relatives attended a reception at the club.

Mr. and Mrs. Bunemann departed for Canada for a week's wedding trip, and upon their return will reside at 1702 Huron avenue.

Mrs. Bunemann is a graduate of New Castle High school class of '44, and Mr. Bunemann also a graduate of '44 is employed at the Palka Mirror Manufacturing company. He is a discharged U. S. Navy veteran having served two years in the Atlantic area.

HONOR DAUGHTER ON 7TH ANNIVERSARY

Mrs. Thomas B. Reese of 1034 Rose avenue, entertained a group of 27 children at her home on Thursday afternoon. The event was in honor of her daughter Patty's seventh birthday anniversary.

Games of contest were played during the afternoon, with prizes being awarded to Jimmy Woodward and Walter Jessel.

The hostess served a tasty lunch on tables nicely decorated. A lovely birthday cake graced the table. Some beautiful gifts were received by the honored guest.

RUBY ANNIVERSARY MARKED BY DINNER

To observe their fortieth wedding anniversary on Sunday, September 21, Mr. and Mrs. Axel Anderson, of the Pulaski road, were tendered a lawn dinner by their two daughters, Mrs. J. V. Rabberman, and Mrs. H. C. Reynolds at the latter's home on the Pulaski road.

Dinner was served at one o'clock to 22 relatives and close friends who were guests.

During the afternoon an informal social time was enjoyed with reminiscence as a highlight.

Busy Fingers Club

Mrs. Charles Ross recently entertained members of the Busy Fingers club at her home, 1011 Summit street.

An informal time was enjoyed during the evening, contest prizes falling to Mrs. Ludwig Calazza, who also captured the door prize.

A dainty lunch was served afterwards, and Mrs. Charles Donofrio and Mrs. Marietta Cecil assisted the hostess.

October 2 is the meeting with Mrs. Ludwig Calazza, West Washington street extension.

Mothers Demand More Teachers; Picket School

PITTSBURGH, Sept. 22.—(INS)—Irate mothers of 162 pupils today threw a picket line around the nearby Gilpin grade school in a demand for three additional teachers.

The mothers gathered on a bridge leading to the school, carrying placards and banners. Neither pupils nor the five teachers crossed the line. Principal Andrew Berlando dismissed teachers and classes for the day.

Berlando explained the parents' showdown developed when eighth grade pupils who had been sent to another school, two miles away, were returned to Gilpin for classes.

He said to provide a teacher for this class, the third and fourth grades were combined.

Sanitary conditions at Georgetown also are under fire by the mothers.

COLLAPSES AT GAME

HARRISBURG, Sept. 22.—(INS)—A heart attack was blamed today for the death of Leroy V. Workman of suburban Paxtang, who collapsed while leaving Hershey stadium at the end of a football game.

An engineer for the U. S. public roads administration, he died en route to a hospital.

The trolley coaches, street cars and gas buses of America traveled more than 3,253,800,000 miles last year, the equivalent of 136,000 trips around the world.

C. E. McGrath Wins Dem Nomination

Former Mayor Gets Second
Place For Council Nom-
ination On Write-Ins

OTHER HAPPENINGS IN COURT HOUSE

With the official count of votes
cast in New Castle September 9
completed, the returns show that
Charles E. McGrath, former mayor
of New Castle, has won the second
Democratic nomination for city
council. He received 89 write-in
votes as opposed to 40 for Richard
I. Davis and 20 for D. O. Davies.
There were other scattered votes.
Clair M. Ober is the other Demo-
cratic nominee, he having filed a
petition and had his name on the
ballot.

For school board the Democrats
nominated three by write-ins. P.
Monaca was high, getting 97 votes.
Albert Joseph was second with 48
and third place is tied between Dr.
Wilbur E. Flannery and Alec
Samuels. Both received 12 votes on
the Democratic ticket and both were
nominated upon the Republican ticket.

Before a write-in nominee can
have his name on the November
election ballot it will first be nec-
essary to pay the prescribed filing fee.

New York Mourns LaGuardia's Death

Nearly 50,000 Persons Passed Bier
Of 'Little Flower' Dur-
ing Sunday

NEW YORK, Sept. 22.—(INS)—
The world's largest city held an of-
ficial day of mourning today for
former Mayor Fiorello H. La-
Guardia, champion of the "plain
people."

Some 50,000 of New York's mil-
lions filed past "The Little Flower's"
bier yesterday as he lay in state at
the foot of the great nave in the
Episcopal Cathedral of St. John
The Divine.

All day Sunday the city's radio
stations broadcast tributes and
dramatized stories of the life of
the son of an Italian bandmaster
who rose to head a liberal-reform
city administration for three terms.

Dignitaries from all over the na-
tion will join LaGuardia's imme-
diate family and friends at the
Cathedral this afternoon to pay final
tribute.

But yesterday was the day on
which working men and women—
some clutching their children by
the hand—silently and respectfully
marched past the coffin of the popu-
lar ex-mayor. At times sobs could
be heard over sound of shuffling
feet in the hushed Cathedral.

TEN V. A. OFFICES WILL BE CLOSED

PITTSBURGH Sept. 22.—(INS)—
Ten of the 30 full-time contact
offices of the Veterans Administra-
tion in the Pittsburgh region will
be closed by Sunday, officials an-
nounced today.

The first to close was at Beaver
Falls, last Friday. The following
will be closed this week:

Bedford, Clearfield, Indiana, Mc-
Keesport, New Kensington, Punxsu-
tawney, Ridgeway, Warren and
Waynesburg.

With the exception, veterans in
the areas served by the closed of-
fices will be able to contact VA
officials who will visit the cities
on a regular weekly schedule. Mc-
Keesport veterans will be served at
the Pittsburgh VA offices.

GROWERS URGED TO TREAT WHEAT TO CONTROL SMUT

Stinking smut of wheat was pres-
ent in many fields of Pennsylvania
this year; in some fields it was
severe. In addition to destroying
the grain in the heads, the smut
makes the wheat worthless by im-
parting a fishy, pungent odor.

The smut is spread by combines
and threshers and may get into new
fields this way. Plant disease spe-
cialists urge growers to treat all seed
to be sown with an organic mercury
compound, such as New Improved
Ceresan, at the rate of one-half
ounce per bushel. Better control is
obtained when the seed is treated
one or more weeks before planting.

The grain can be treated in com-
mercial machines or in a simple box
or drum. Directions for making
box treaters may be obtained from
the Agricultural Extension Office,
206 Post Office Building, New Cas-
tle.

Make Available 15 Scholarships At State College

STATE COLLEGE, Pa., Sept. 22.
—Fifteen scholarships for students
in the School of Agriculture have
been established at the Pennsylvania
State College by the Pennsylvania
Power and Light Co., Allentown.
Dr. Ralph Dorn Hetzel, president of
the college, reported today.

The scholarships, according to Dr.
Lyman E. Jackson, dean of the
School of Agriculture, will be avail-
able to students residing in areas of
the state served by the power com-
pany and will be awarded on the
basis of scholarship, need, and in-
terest in agriculture.

In offering the scholarships,
Charles E. Oakes, president of the
power company, stated the purpose
was "to stimulate interest in agri-
culture, one of Pennsylvania's
greatest resources."

During the 1947-48 academic year,
scholarships, each amounting to
\$100, will be awarded to six fresh-
men. Three sophomores will receive
scholarships amounting to \$200
each.

Three scholarships, each amount-
ing to \$200, will be awarded to
juniors during the 1948-49 terms and
during 1949-50, three more \$200
scholarships will be presented to
seniors.

Hearing Slated For Hatch Act Violator Oct. 7

HARRISBURG, Sept. 22.—(INS)—
A state official accused of violat-
ing the Hatch "No Politics" Act
while deputy secretary of health, in
1944 was directed Saturday by the
U. S. Civil Service Commission to
appear for a hearing October 7 at
Harrisburg.

Deputy Secretary of Forests and
Waters Carl C. Tinsman was di-
rected to answer the citation by J.
W. Irwin, chief hearing examiner
for the commission.

The hearing will be conducted by
the commission in the federal post
office where the late health secre-
tary A. H. Stewart and 14 other state
employees denied charges of violat-
ing the Hatch Act in the 1944 presi-
dential election.

Tinsman, a veteran Luzerne county
Republican and a veteran of
World War I, has denied any overt
act but admitted distributing a pam-
phlet protesting a reduction of
widows and orphans expenditures
during the first year of the Roose-
velt regime. He left the health de-
partment March 1 to assume the
forest and waters deputyship.

Breaking Jail At Youngstown

YOUNGSTOWN, O., Sept. 22.—
Two back in jail and five to go—
that's the score in Mahoning coun-
ty's latest jail break.

Footsore, hungry and "broke,"
Arthur McCann, 21-year-old
Youngstown man who led a three-man
jail break from the Mahoning jail
two months ago, and is credited with
having engineered last week's seven-
man escape, surrendered late Satur-
day night in Ashland. Back in jail
with McCann is Herman Donohue of
Wellsville, who was captured Thurs-
day night in an East Liverpool
tavern.

McCann walked up to a railroad
crossing, watchman in Ashland
and asked him to call police. He
said his personal escape plans went
wrong when a friend failed to meet
him with car and money after he
dropped 12 feet into an alley back
of the county jail.

MODERN DESIGN IN HOME BRINGS

RESIDENT SUITS
CHICAGO, Sept. 22.—(INS)—
Suburban River Forest, Ill., draws
the line in house-building when it
runs to ultra-modern design.

A suit by 18 River Forest residents
on file in circuit court sought an in-
junction to prevent Dr. Wayne P.
Slaughter, a dentist and his wife,
Evelyn from building a house "with
a flat roof and a glass brick wall."
The protesting group is headed by
Dr. Harry M. Jones—a physician.

'HIGH-SPEED' RELIEF FROM TORTURE OF LUMBAGO —WITH— MUSTEROLE BRAND LINIMENT

CHOICE—is the keynote of today's enlistment
opportunities in the Regular Army. If you've
had prior service in any of the Armed Forces
and sign up for at least 3 years you have not
just two, but three choices of location open
to you!

You may sign up for a job in Europe.
Or, if you prefer, you may enlist with the
understanding that you may stay in the
U. S. A. within your own Army area for at
least a year. Or, whether you're a veteran
or not, you may choose assignment to one of
the five famous combat divisions in Japan
or Korea!

Never has the Army been able to help
its men to chart their careers with such
certainty. Never has any army given indi-
viduals such a free
hand in the plotting of
their destinies.

Qualified young men
with or without prior
service who enlist in
the Army for at least

3 years can choose their branch of service
from those still open.

Any qualified man with prior service who
wants to enlist in the Air Force can be
assured of an initial assignment to a specific
Air Base (if there is a vacancy) either
by applying in person or writing to that
Air Base.

No wonder so many of America's finest
are signing up every day. They know where
they're going, they know the many opportu-
nities open to them, they know that the high
pay, valuable education, generous retire-
ment benefits and excellent food, lodging
and medical and dental care will keep worry
from the door. How about you? Officers at
your nearest Army and Air Force Recruiting
Station can tell you if
you qualify.

Electric Men To Meet This Week

Delegates To Philadelphia Meeting
Will Consider Industry's
Future

Approximately 400 representatives
from the state's electric light and
power companies will meet in Phila-
delphia this week for the fourteenth
annual meeting and industry con-
ference of the Pennsylvania Elec-
tric association. Under the theme
"Charting the Road Ahead," the

delegates will consider numerous
aspects of the industry's future
and will hear talks by eminent in-
dustrial leaders and educators.

President Charles E. Oakes of the
Pennsylvania Power & Light com-
pany will preside at the opening
session. Vice Presidents G. W.
Ousler, Duquesne Light company,
Pittsburgh; W. H. Doran, Metropoli-
tan Edison company, Reading, and
D. W. Jardine, Pennsylvania Elec-
tric company, Johnstown, will pre-
side at other sessions.

Tuesday will be featured by a
dinner at which J. Carlton Ward
Jr., president of Fairchild Engine
and Airplane corporation, will speak.

Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Sept. 22.—Kee-

nan Wynn, who's akin to the clown

who wants to play Hamlet, is hap-

pier today than he's been in a long

time.

It's because of the role he begins

shortly in "BF's Daughter" at

M-G-M.

Keenan explained:

"I play a rather supercilious radio

commentator. It's not the kind of

a role which is my ultimate aim, but

I feel today that I am half-way

there.

"When you reach the half-way

mark, your goal is at least in sight."

Keenan is one of the ace comedi-

ans of the stage and screen, but

he's had his eye on a top dramatic

role for long time.

Beauty Can Knit

Beautiful blonde Kay Norton

from New York, in whom Holly-

wood's males have failed to light a

romantic spark, has at last found

a diversion. She's taken up knitting.

Betty Jane Howarth, the brunette

Pennsylvania beauty, made such a

beautiful evening wardrobe that

Director Dick Thorpe let her wear

it in "On an Island With You."

Very shapely Patty McKaye, the

red-headed Ohio peach, has to have

her tonsils out.

Todd Getting Old

This is another one of those days

which makes your reporter feel

antique. Jane Withers becomes a

bride this afternoon. I'll have to put

on my best bib and tucker for her

marriage to William P. Mass Jr.

at the First Congregational church

at 4 p. m.

When I first landed in this town

Jane and Shirley Temple were

Hollywood's smallest gems. Shirley

was eight and Jane was ten.

Now Shirley's not only married,

but is awaiting her first baby. And

Jane is taking the big step.

Escapes The Wolves

There is one item we didn't know

about red-headed Frances Gifford

until now. She's as studious as she

is beautiful. It was during a chance

conversation on the set of "Luxury

Liner" that she revealed she studies

all the time—by correspondence.

"I get my papers from the univer-

sity and when I have completed

them I send them to a professor in

Seattle and he corrects them,"

Frances explained. "It is very in-

teresting."

Keep Stars Busy

Twentieth Century-Fox is trying

to have a picture ready for Tyrone

Power when he returns from his

tour of Africa. "Nightmare Alley"

was his last.

Clark Gable says he hasn't been

told yet what his next picture will

be after he completes M-G-M's

"Homecoming," but he's letting the

studio do the worrying.

Enterprise has sent Ginger Rogers

a revised script on "Wild Calendar"

in the hope she'll start it before

Believe Taft Has Advanced G.O.P. Position

By WILLIAM THEIS
(A. S. Staff Correspondent)

LAKE TAHOE, Nev., Sept. 22.—Nevada GOP leaders said today that, win or lose in '48, Sen. Robert A. Taft (R) O., has made a "contribution" to the cause of Republicanism by his stumping tour now moving into the northwest.

Taft will inspect Shasta Dam, across the state line in California, and enroute tonight for Seattle where his lieutenants expect him to face the "toughest" audience of his six-state speaking trip.

The Senator will defend the Taft-Hartley Labor Law in his Wednesday Seattle address.

Advances Party
The consensus of Republican leaders in both California and Nevada was that the undeclared Presidential candidate, in the first 12 days of his western engagement, has not swung any convention votes but has advanced his party's position.

California made it clear that their convention delegation will be for Gov. Earl Warren for the Presidential nomination. Nevada GOP spokesmen declared flatly that their delegation will go to the Philadelphia convention "uncommitted" to any candidate—traditional for a small state which wants to be "with the winner."

Mahlon Fairchild, Republican state chairman of Nevada, said he believed Taft's outspoken defense of the GOP record in Congress had "helped the party" in his state and throughout the west. Fairchild and Nevada county leaders peppered Taft with questions on major issues. Their reaction to his replies was described as "fair."

Majority Of Bankers Against Proposal For Printing Money In Colors

By FRANCES SPATZ
(U. S. Staff Correspondent)

WASHINGTON, Sept. 22.—The nation's bankers are lined up two to one against the idea of printing money in different colors for each denomination.

However, a few have come up with the observation that changing from greenbacks to gaily colored currency would have the good effect of forcing hoarded money out of hiding.

Poll Is Conducted

This cleavage among bankers was revealed today by U. V. Wilcox, editor of a banking newsletter, who conducted a poll covering a cross section of the nation's bankers.

The survey was made after Rep. Edith Nourse Rogers (R) Mass., announced that she would introduce a bill to make the treasury issue currency in various colors.

Comments among the more frate bankers who claim to be perfectly satisfied with greenbacks, range from the almost unchivalrous observation that the colored money idea is "just another whim of the feminine sex—silly" to a flat "nute."

One banker observed: "In my 30 years of banking experience I have never known of anyone who was unable to distinguish the difference between the various denominations."

Getting Ownership Difficult
Another quipped: "Nothing gained by change of color—the great difficulty is getting ownership of enough."

Still another stated: "There may have been sillier proposals in Congress but I haven't heard of them."

On the more serious side, Wilcox quoted a worried banker who fears "currency in color would be a boon to counterfeiters."

If people learn to pay attention to the color of currency, this banker said, "little attention will be paid at the time of passing a bill to its validity."

Among the "pros" who form the one-third minority, a few thought-

ful bankers pointed out that the innovation would be a fine way to drive money out of hiding.

Might Hit Hoarders

Said one: If a time limit were placed on the period of exchange from the old type of currency to the new, it might bring out a lot of currency now hoarded.

This hoarded currency has been estimated as running into the hundreds of millions if not billions of dollars.

Other advantages listed by bankers approving Mrs. Rogers plan are: "Easily identified by merchants and prevents errors."

"Would make it possible to provide better and more accurate service."

"Would be easier, faster, for tellers counting cash, bank customers making deposits and the spending public."

One banker admonishes: "Let us keep our money as a medium of exchange and not treat it like merchandise that has to be dressed up to sell."

Four Injured In Sixth-Ward Crash

Four persons were hurt at 11:35 a. m. Sunday at State and Sampson street, when a car operated by Mrs. George Benson, Bessemer, in an effort to avoid an accident with a bus, swerved and struck a tree.

The injured: Donald Benson, Jr., laceration of head.

Mrs. Helen Benson, shock.

Mrs. Donald Benson, laceration of head, leg, forearm and leg.

Mrs. George Benson, laceration of head and internal injuries.

According to a report at police headquarters, Mrs. Benson was driving east on State street and was about to pass a bus when it turned left and east into Sampson street. She swerved her car and hit a tree.

REPORT 121 KILLED

LAHORE, Sept. 22.—(INS)—One hundred and 21 Moslems including 62 children and 29 women today were reported killed in an attack on a refugee train 65 miles east of Lahore.

The slaughter was witnessed by Premier Itikar Hussain Khan of West Punjab, who declared that 106 others were wounded. The attack took place yesterday shortly after the train had crossed into Pakistan from the Union of India.

POLICE BLUSH

PAC First Rally Draws Large Crowd

UAW-United Steelworkers Of America, CIO Sponsors Session Preparing For '48

The first PAC rally held in this district, Sunday afternoon, attracted a large crowd, in the United Labor club, the session sponsored jointly by the United Auto Workers and the United Steelworkers of America, CIO.

PAC efforts to be applied in the coming 1948 election were thoroughly discussed, and within a few weeks, in local PAC units will swing into

action, with emphasis placed upon registering of all voters in the district.

The principal speaker of the afternoon was Irving Richter of Washington, D. C., legislative director of the UAW, CIO, who spoke on the past records of Congressmen and Governors now in office, and the tendency of their voting record, regarding labor and farming. Mr. Richter briefly outlined the measures of the Taft-Hartley Labor Bill, and what it means to the laboring man and his union. In defense of the PAC, Mr. Richter stated, "the PAC does not have Communist leadership. It is a democratic organization, with its aims following the Declaration of Independence."

Jack Graney, of Erie, PAC chairman in charge of District 21, gave a detailed picture of what will be

expected of all PAC members within the coming year, preparing for '48. He outlined the plans for local units, and urged the participation of all as soon as possible, and not to put off "the job to do until next year."

Don Pitzer, president of UAW, gave the opening remarks and introduced the speaker.

Red Cross Sends Eight Inquiries To Disaster Zone

Local chapter of the American Red Cross today announced that they sent eight inquiry telegrams over the week-end seeking information concerning relatives and friends of city residents who were caught in the Florida hurricane belt.

Of the eight wires dispatched, so far answers have been received from three—in the Ft. Meyer and Pensacola areas, but news from the Miami district was negative due to the disruption of facilities there.

DRIVER IS HELD
Kenneth Paden, Hanna street was arrested by Policemen Tewell and Bartoshek at South Mill and Reynolds street, at 1:10 a. m. Sunday, on a charge of operating a motor vehicle while intoxicated. Charged with the offense by Police Chief Robert D. Hanna, before Alderman James C. Brice, he waived a hearing for court. At the time of the arrest, it was found he was driving on a learner's permit, and was not yet licensed, police report.

Says Women Are For Long Skirts

Declare Large Majority Of Women Polled Are In Favor Of Change

OTHER NEW FADS LEAVE LADIES COLD

By CONSTANCE KNAUBER
(I. N. S. Fashion Writer)

PHILADELPHIA, Sept. 22.—You male fashion "experts" might just as well quit heeding about the new feminine fashions, because the little woman likes 'em.

At least so says the Fashion club of America, Inc., in Philadelphia, which laid the issue squarely before more than 7,600 women in the United States, Hawaii, Canada and the Canal Zone.

Favor New Styles

Seventy-nine percent of the women polled were in favor of the new styles in general. Another 19 per cent threw up their hands in horror, while two per cent (imagine) just couldn't make up their minds.

Of course, a few of the new fads in fashion left the ladies cold. These included last spring's attempt to introduce pink, yellow, green and light blue hosiery. The women were overwhelmingly against these, but only 60 per cent mixed the new dark shades of the hosiery, while 35 per cent approved the latter.

Only a handful of the gals (seven per cent) like the new exaggerated sleeve styles, while a mere 15 per cent would be willing to sport the latest in hats.

Long Skirts Get Okay

But long skirts got a big okay from the gals, who seemed to get a little mixed up in their vote on five skirt types. Eighty-two per cent liked the skirt at mid-calf, yet 25 per cent said they favored skirts as in 1946. Full, circular skirts were eight times more popular than the revival of the early 20th century hobble skirts.

The new silhouettes, which go from one extreme of lots of bulges to the other extreme of complete camouflage were popular in the club survey.

The figure eight silhouette with the accent above and below the waist, rated with 70 per cent of the women polled. Eighty-one per cent liked the triangle silhouette (slim hips, billowy bosom), and 92 per cent okayed the tubular or slim line—an oddity in that 92 per cent of American women aren't slim enough to wear the slim lines.

So there you are, fellas. Either you put up with the little woman or girl friend who's among the 79 per cent approving the new styles in general, or you switch to a new one from the ranks of the 21 per cent who don't like 'em or can't make up their minds.

U. S. HOLDS KEY TO WORLD PEACE

PRINCETON, N. J., Sept. 22.—(INS)—Dr. Harold W. Dodds, president of Princeton University, believes the United States holds the key to world peace.

Dr. Dodds told Princeton's largest student body at exercises opening the institution's 201st academic year that America must take the costs and risks of world leadership.

"It is wholly unrealistic to hope for the immediate upsurging of a democratic world state," he said. "A new world government must begin modestly and earn its way as it goes along."

Australia's population, estimated in 1945, is given at 7,364,841.

UNITED PRESS NEWS STORY

KAISER-FRAZER RANKS FOURTH IN PRODUCTION

Detroit, Aug. 16 (UP)—The Kaiser-Frazer Corp., banking on a war-born boom in new cars, has announced its production figures for the fourth quarter. The company's production of 12,000 cars in the quarter was a record for the company since it began production in 1937.

A little more than a year ago Kaiser and Frazer cars did not exist except on paper. A little more than six months ago the company borrowed \$12,000,000 to keep its head above financial waters. Today production figures show Kaiser-Frazer is grinding out some 5,500 cars a week, better than any of the independent manufacturers and running up to the "Big Three"—General Motors, Ford and Chrysler.

And the company is making money.

Viewed as a Miracle
Some observers call it a "miracle" that Kaiser-Frazer has been able to do what few fledgling manufacturers could accomplish—crash into the highly competitive automobile business and stay there.

Admittedly the company cashed in on an opportune moment—a time when public clamor for new cars was at its highest. In part it disappointed the public by promising to build cars that would compete in the low-priced market and in offering now three models that are listed at the factory at \$1,917, \$2,182 and \$2,540.

Overell Yacht Murder Trial Being Resumed

Heated Legal Jockeying In Prospect For Sessions Of Next Few Days

SANTA ANA, Cal., Sept. 22.—(INS)—Heated legal jockeying was in prospect today as the Overell yacht murder trial resumed after the week-end recess.

The long trial, in progress since May 26, was drawing toward a close and the opposing sides were bending every effort to drive home their final points to the jury.

In immediate prospect was a renewal of the battle over a stained piece of canvas which the prosecution tried to place in evidence.

The state contended that the section of cloth was needed to bear out its claim that Financier Walter E. Overell was lying dead in the forward cabin of his yacht when the boat was blown up in Newport bay last March 15.

Defense Objected

The defense objected to the canvas and was sustained by Superior Judge Kenneth E. Morrison, who ruled that Special Prosecutor Eugene D. Williams would have to lay a basis for the exhibit before it could be admitted.

Williams indicated that he would seek to lay that foundation at today's session.

The prosecution is anxious to build up its thesis that both Overell and his wife were dead before the blast because the defense, just before it closed its case last week, scored heavily through the testimony of three naval officers.

The officers declared that the Overells were killed in the explosion and were alive up until that time.

MOTORIST FACES CHARGE

PITTSBURGH, Sept. 22.—(INS)—Seven years ago, William Kubie, 28, of Pittsburgh, was permanently crippled when injured in a hit-run accident.

Today he was charged with failure to stop after his car and that of Arthur McMullen, Pittsburgh, were involved in an accident. He was caught by pursuing motorists, following the accident, and in addition to the hit-run charge, faced counts of reckless driving and running through a red light.

No one was injured in the accident, but both cars were damaged.

Garden Notes

Annuals will be stimulated into additional bursts of bloom before frost if withered flowers and seed pods are removed.

Fruit trees planted this fall should have a mulch of manure or straw around them to protect the soil against alternate freezing and thawing.

Potatoes should be dug as soon as the tops die down. This is especially important during a wet season. The older a lilac bush the handsomer it grows. It is too late for safe pruning of an established plant, but feeding with bone meal and wood ashes, if available, is beneficial.

Fall is a good time to find and destroy poison ivy, which has a way of appearing in the midst of perennials. Now the leaves have a red tinge and are easy to distinguish.

When planting fruit trees or small fruiting shrubs, remove all dead, diseased or scale-infested branches.

Salvage Crews To Raise River Vessel Tuesday

PITTSBURGH, Sept. 22.—(INS)—Salvage work on the burned, sunken hull of the Island Queen, a river excursion boat which exploded at its dock in Pittsburgh, September 9, is expected to get underway Tuesday.

Fourteen persons died in the blast and six are still missing and presumed dead.

Meanwhile, the Coney Island Inc., owners of the vessel, petitioned federal court in Pittsburgh asking to be relieved of responsibility for the deaths, injuries and damage caused by the disaster.

The petition asked that if liability is placed on the boat and the Coney Island Co., that it be limited to value of the company's interest in the pleasure steamer.

Hold Woman In Fatal Shooting At Youngstown

YOUNGSTOWN, O., Sept. 22.—Mrs. Clarence Hollis, held on an open charge, was blamed by police for the fatal shooting of her husband late Saturday night in an argument over a gun.

Police said Hollis came into the house, got the gun from the table and told his wife he was going to see a man. His wife asked him to leave the gun at home.

They argued over the weapon and Mrs. Hollis attempted to wrest it from his hand. As they struggled for the gun, police said, the weapon was discharged and the bullet penetrated Hollis' chest. He died before arrival at Southside unit of Youngstown Hospital.

Pine Township Vote Probe In Mercer County

MERCER, Pa., Sept. 22.—(INS)—Judge George H. Bowley has granted an order to probe the dry victory in three Pine Township precincts at the recent primary election.

The order will permit election officials to open and inspect voting machines used in the districts that voted dry.

The inspection was sought by three men who claimed the voting machine levers failed to register properly or did not operate at all.

Pine Township, formerly wet, voted dry on both beer and liquor.

MANILA EDITORIAL BRANDS RUSSIANS TACTICS IN U. N.

MANILA, Sept. 22.—(INS)—The Manila Bulletin has declared editorially today that the United Nations General Assembly speech by Soviet Delegate Andrei Vishinsky "proves conclusively that Russia desires to destroy that organization."

The paper claimed the Soviet vice foreign minister was "talking over the heads of his fellow delegates to the unlettered people of the world who cannot readily discriminate between what is true and what is not true."

The editorial charged Vishinsky "and his henchmen" were seeking to spread Communism as a way of "life to nations who don't like it and don't want it."

ALL NEW GAS Heating Installations DISCONTINUED

FOR the protection of all customers, effective September 20, 1947, no additional principal gas space heating equipment can be approved for installation on our lines. This restriction has been adopted with the deepest regret, but under present conditions, there is no alternative.

Since March 1, 1947, we have restricted installations of heating equipment on a priority system. Even these priorities must now be eliminated, as they have been received at a rate which, if continued, would seriously hinder our ability to maintain satisfactory service for customers in their present use of gas.

Customers may continue to file applications for principal space heating service, and approvals will be granted in the order in which they are received whenever it becomes possible to modify restrictions. In addition, in the case of newly constructed premises, where the owner or contractor has not as yet filed an application and where:

(a) heating equipment designed exclusively for gas has been purchased and installation is completed, or under way; or

(b) applicant has entered into a contract for heating equipment designed exclusively for gas...

such applications will be considered for approval providing they are filed with the company on or before September 30, 1947, but subject to the condition that, if approval is given, the foundation of the building must be completed prior to January 1, 1948, or such approval shall become void.

LACK OF FACILITIES... but no shortage of gas in producing fields

As previously pointed out, there is no shortage of gas in producing fields. Lack of essential materials, such as steel pipe, compressors, valves and accessories, has prevented construction—by our suppliers and ourselves—of the necessary facilities for transporting and distributing sufficient additional volume of gas to this area. This condition has existed since the early stages of the war—but, throughout this period, the use of gas has increased at a rapidly accelerating rate. It is a situation over which we and our suppliers of gas have had no control, in spite of long-planned expansion of our services.

Restrictions will be modified as soon as possible

Every effort has been and continues to be made by our suppliers and ourselves to obtain materials and to construct facilities necessary for serving the complete requirements of our customers. However, in fairness to all who are planning for the future use of gas heat, unless the situation improves far more rapidly than indicated at present, there is little likelihood that restrictions can be relaxed in any way before the summer of next year.

Local Artists Ready For Work

Associated Artists Of New Castle Soon To Begin Studio Work; Interest Aroused

Associated Artists of New Castle—a new organization formed to promote the city's interest in art—gathered Friday evening to make final organization plans prior to their actual studio art work.

President Otto Pearsall conducted

the meeting in the Pennsylvania Power Service building, South Jefferson street.

On Wednesday, October 1, each charter member is to invite a future artist member of the group, and both are to submit a piece of work, whether it be water or oil paints, graphic art work or sculpture. The discussing and judging of the work of the members will constitute the evening's program.

A report of a directors' meeting was given by William Trimble, and stress of new members is made at this time, with any local artists who are interested to contact Mr. Trimble at 17½ East North street.

Cornstalks, wheat straw and sugar cane stalks are made into paper, corrugated fiber-board and building boards.

Lawrence Indies Top Universals, Meet Columbus In Title Series

Errors Costly To Potters In Sunday Battle

Indies Take Advantage Of Universal Miscues For Four Runs In Big Fourth Inning

RUSSU OUTPITCHES VETERAN HOUSTON

The die has been cast in the city baseball championship playoff—it will be the Lawrence Indies against the Columbus Club in a best out of five series, probably starting Tuesday evening at Flaherty Field at 8 o'clock (weather permitting).

The Indies by trimming the Universal Pottery Sunday at Flaherty field, 5 to 1, enter the finals with the only other remaining playoff team, Columbus Club.

Eight Teams Started

Eight teams took part in the Shaughnessy playoff following the close of the season: Indies, Columbus, Universals, West Pittsburgh, South Hill, West Side Tigers, Dukes and Sons of Italy. The Indies are undefeated in four playoff games, the Columbus Club lost one.

It was a good playoff all the way through and well supported by the fans. The teams all played good baseball.

Russu Beats Houston

Two veteran pitchers faced each other Sunday at Flaherty Field. Johnny Russu for the Indies and Peck Houston for the Universals, and except for a big fourth inning debacle in which the Indies showed over four runs on three hits and four errors, the game was fairly even. Six Pottery errors hurt.

The Pottery talked first in the second innings, Evenoski led off with a single the first hit off Russu. When Houston sent a triple to deep right field. This was the first time the Potters saw the plate.

Hits Are Wasted

The Indies scored one more in the sixth filling the bases on three hits and Mrozek scoring on a sacrifice bunt by Johnny Magusiak. Cardella, a Universal sub tripled in the eighth inning and died on third base. Kosior tripled for the Indies in the ninth and was left stranded.

Henry Kozella and Smiley led the Indies at bat with two hits apiece, while Evenoski and Tropea had two hits for the losers.

A crowd of about 1,200 fans saw the game yesterday. Interest in the coming series is strong, indicating good crowds for all games.

Decide Fate Of Herman Tuesday

PITTSBURGH, Sept. 22.—(INS)—Owners of the Pittsburgh Pirates have scheduled a business meeting for tomorrow and Wednesday, at which it is expected the managerial future of Billy Herman of the Corsairs will be determined.

Crooner Bing Crosby, one of the principal stockholders in the Pirates organization, will not be present, but is understood to have given his proxy to President Frank McKinney.

None of the owners has expressed an opinion as to Herman's future, but all have said reasons for the seventh-place Pirates' poor showing this season would be "thoroughly investigated, and corrective measures taken."

Special Meeting Called Tonight

President Charles "Bugs" Walther of the city baseball league has called a special meeting for 8 o'clock tonight for the following persons: George "Boss" Zidow, Archie "Huck" Davies, Ralph H. Gardner, Michael O'Leary, vice president, and Mike Babovsky, secretary and treasurer of the city loop.

Plans for the five-game Columbus and Indies title series will be arranged at this meeting.

Union Hi Wins First Contest By 14-0 Count

"Scotties" Make Successful Invasion Of Geo. Jr. Republic Saturday

GROVE CITY, Sept. 22.—Union high school grabbed their first win in three starts here Saturday afternoon as they whipped George Junior Republic's Citizens, 14-0.

After dropping successive battles to Grove City and Mars, the James-coached lads displayed a fine reversal of form to finish in strong fashion with a brace of scores in the final frame and notch an impressive victory.

Heat Is Detriment

The clinging heat made both teams suffer and a great number of subs were rushed into the fray to relieve the starters.

During the first half the Citizens unleashed a strong running game featuring the gallops of Hetrick and Burlingame, and twice carried the oval deep into Union territory. An intercepted pass, with Schell the hero, and a fumble later thwarted the home eleven's drives.

Union showed more aggressiveness in the third carry, racking up four first downs, and with the opening of the final stanza, the "Scotties" were in high gear.

Conti Gets Loose

From their 44, the James men went goalward with Conti reeling off 50 yards in four stabs. With the ball on the six, Pierce drove to the 2, where Conti smashed over. Travers added the point.

With three minutes remaining, Union gobbled up a fumble on the Republic 42, where with the aid of a 15-yard penalty and several nice runs, swept to the 1, where Travers crashed over and then added the extra point.

Lineup:

Union	Geo. Jr. Rep.
Kendra	Belz
Allen	Bradlock
Allen	Alger
Vigne	Raklecki
Garrett	Gabinski
Pishaw	Pashmore
Radabach	Stevens
Schell	Kuzepka
Travers	Yasenich
Conti	Burlingame
Travers	D'Andrea
Conti	Travers

Score by quarters: 0-0 0-0 14-0

Scoring touchdowns: Conti, Travers. Points after touchdowns: Travers (2).

Union subs: Kupiec, Mason, Pierce, F. Szweczyk, R. Szweczyk, Dominick, Calahan, Sniezek, L. Fowler, Phillips, Saltman, Grell, Duzyk.

Republic subs: Yovich, Jacobs, Stewart.

Referee: Hall; head linesman, Ritter; umpire, Bistransin.

Brooklyn Still Needs One Win, Cards Plugging

Sain Stops Dodgers With 4 To 0 Shutout Sunday, Cards Are Idle, Play Two Today

By LES CONKLIN (International News Service Sports Writer)

NEW YORK, Sept. 22.—There's little joy and much gloom in Flaherty today.

The faltering Brooklyn Dodgers trying to win the National league pennant since last Thursday, still haven't nailed the flag to the Ebbets field mast.

And the Bums may not clinch the pennant until tomorrow.

The American league champs now have four pitchers in top shape for the series, whereas they had but one a few days ago.

Floyd Revers turned in his top performance of the season yesterday when he blanked the Philadelphia Athletics, 6-0, on three hits.

Revers proved he'll be an able assistant to Frank Shea, Bobo Newsum and Allie Reynolds when the classic gets underway.

Boston Braves pitchers, meanwhile, have tripped up the impending champion Dodgers on two successive days.

Rex Captures 13-Inch Event

Little Speet And Madden's Mountaineer, Second And Third, In Trials

Rex of Suncliff, owned by Dr. D. E. Losasso of Vandergrift, was first in the 13-inch All Age in the Shennango Valley Beagle club's AKC trials at the Volant grounds. Boyce's Little Speet, owned by Robert Boyle of Carnegie, was second and Madden's Mountaineer, owned by Lewis Madden of Smithfield, was third. Fourth place was taken by Rippling Run Lyneman, owned by Fred Downs of Coraopolis.

Reserve consisted of Peggaway Sport, owned by J. B. Hoffman of Tarentum.

The 13-inch dog class was followed by a large class of 76 13-inch all age females.

This class was partly finished on Sunday and will be completed today. A large gallery attended the trials Saturday and Sunday. The meet will run through Thursday.

Ted Lach Wins Golf Title At Sylvan Heights

Sensational Young Amateur Golfer Defeats John Schneider Sunday On 29th Hole

THIRTEEN UNDER PAR FOR TOURNEY

Shooting sensational golf, 13 under par for his 92 holes in the city-county championship tourney at the Sylvan Heights course, young Ted Lach, local salesman, won the championship Sunday by defeating John Schneider in the finals on the 29th hole six up.

Lach the "Blonde Bomber," not only is the 1947 titleholder, but also won the qualifying round with a two under par 70, and in his first match he was three under in disposing of Carl McIlrort. In his second match he also shot three under par by defeating Pete Dimeco 1 up. In the semi-finals Lach was five under in eliminating Fred Lombardo.

Deserves Tributes

Playing conditions at the course yesterday were not too good, with a stiff gale blowing all day. The course was in excellent shape, however, the greens being lightning fast.

Lach is deserving of all the praise that has been heaped on his head. Twice the links star has represented New Castle in national public tournaments. He has cleaned up on about everything in this district in the way of tourneys. Lach hits a long ball and is a wizard with the putter. He is a real champion all the way through.

Moran Has Two Bouts This Week

Frank Moran, local welterweight, will box Johnny Ainscough of Bayerton, in an eight-round bout in Cleveland Wednesday night. He is also listed to fight George Brown of Pittsburgh, Thursday night, in Youngstown. Moran is training at Ellwood City.

Eagles Enjoy Sunday Tourney

Medalist For Day Is Joe Gociano With 73 Card, John Morar, Runnerup

Eagles club golf league members held their annual tourney at the wind-swept Sylvan Heights course Sunday with medalist honors going to Joe Gociano with a brilliant 73 one over par card. There was a large turnout of players and a successful day was the result.

Gociano won a set of matched irons for his efforts, runnerup to Gociano was John Morar who won a leather golf bag, while Ben Gociano finished third and won a pair of golf shoes.

Have Good Time

The blind bogey winner was Henry Venditto who won two dozen golf balls. Refreshments and lunch were served the men in the clubhouse after the play was finished and prizes handed out.

A good time was had by all who participated. Plans are under way for a bigger and better Eagles golf league next year.

Mixed League At Eagles To Start

The Eagles club mixed league of men and women tenpin bowlers will start the 1947-48 season at the Castle alleys at 8 o'clock tonight, it was announced by Erma McCune, president. A large turnout is anticipated.

Sharon High Here Friday

Second Class AA Game For New Castle, At Stadium This Week

New Castle High's "Red Hurricane" football team has another evening job on hand this week. It's "Beat Sharon High" as the boys resumed training at the stadium this afternoon.

That 24 to 6 shellacking last year at Sharon is still fresh in the minds of the boys who played. It was Sharon that spoiled an undefeated class AA skinn last year prior to the Altoona game here.

Expect Tough Battle

None of the injured players in the East game are expected to miss the Sharon contest. New Castle has won three in a row. Sharon has won two and lost one, having been bumped out by Har-Brack in the opener 25 to 6.

If figures mean anything New Castle is five points better than Sharon, having dumped Erie Strong Vincent in the opener 14 to 0, while Sharon beat Erie Strong Vincent last Friday 9 to 0.

New Castle is looking for a tough game Friday with the Tigers.

Bronze Golfers Have Field Day

Low Net For Day Goes To Teddy Koltz, 63, Ted Turco Wins Three Prizes

Johnson Bronze golfers had a "Field Day" Sunday at the Sylvan Heights course with a large turnout touring the wind-swept fairways and greens. Low net for the day went to the sensational Teddy "Peaches" Koltz, with a 63 card.

Second low net was won by George Bevan 67, and third by Ted Turco 68. Ted Turco was the outstanding player on the course winning four prizes—for third low net, closest to hole on 5, 16 and 18.

Men Enjoy Day

Other winners of various events were—Shortest drive on No. 1—John Porado; nearest hole on No. 8—Teddy Koltz; longest drive on No. 9—Pivavator and McGaffie; most putts—Art Dennis; least putts (tied)—between Koltz and E. Meyer; highest score—Fred Vaughn; second high score—Jess Dufford; third high score—Bill Thompson.

Following the 18 holes the men enjoyed a lunch and the prizes were given out. This was one of the most successful John Bronze golf league seasons in years. The men are looking forward to 1948.

COUNTY LEAGUE MEETS THURSDAY

Managers and officers of the Lawrence County Baseball league will meet in an important session Thursday night at 7:30 o'clock in the Sporting Goods store, President Alce Samuels announced today.

Vital matters incidental to next season's play will be discussed, and plans for this year's banquet featuring the Ellwood Moose, loop champs, will also come up for airing.

All persons involved are asked to be prompt in attending.

Limit Sale Of Football Tickets

Four To Customer Will Be Inaugurated Starting Wednesday Morning

In a move to assure wider distribution of tickets to the football fans, the New Castle high officials it was announced by Ticket Manager J. H. Earl McKenzie have set the limit to a customer at four starting Wednesday at 9:30 o'clock at the Sporting Goods store.

There have been rumors of "scalping activity" a dangerous practice at the first three games, and the boys who buy tickets and sell them for higher prices are letting themselves in for a federal fine if apprehended owing to the payment of tax, on tickets sold at above established prices.

So the lines will be longer at the Sporting Goods store, but more people will be able to buy tickets now.

Rules For Yule Mail To Armed Forces Given

Regulations which will govern the mailing of Christmas packages to the men in the armed forces, have been laid down by the United States Post Office Department, Postmaster William R. Hanna announced today.

Arrangements to give the men in far distant spots a real Christmas have been made by the post office department in cooperation with the war and navy departments in the acceptance of Christmas parcels for those serving outside the continental United States.

While no requests are necessary now in order to send packages to anyone in the armed forces, many persons will want to send special Christmas packages, and because of this fact, these arrangements have been made, Postmaster Hanna states.

Should Mail Early
The following regulations must be observed:

Packages should be marked "Christmas parcel". The term armed forces also includes authorized U. S. civilians employed overseas who receive their mail through an APO or Fleet Post Office.

Packages should be mailed during the period starting October 15, and closing November 15, in order to insure delivery by Christmas, the earlier the better.

Parcels for Korea and Japan and the islands of the Pacific should be mailed no later than November 1. Parcels for remote areas, particularly at out of the way naval stations, should be deposited prior to October 15, so they can be sent on their way.

Christmas cards for army personnel overseas may be mailed at any time, but should be dispatched prior to November 15, if they are expected to arrive by Christmas. These cards must be sent in sealed envelopes and bear first class postage.

Packages cannot exceed 70 pounds in weight nor 100 inches in length and girth combined. The men in service are amply provided with food and clothing, so those sending parcels are urged not to include such articles. The public can ascertain what articles their relatives and friends can secure locally by correspondence with them, and should limit their gifts to articles not readily obtainable by the recipient.

Use Strong Boxes
Packages should be much stronger than boxes mailed within the United States. They should be of metal,

wood, or solid fiber board, or strong double-faced fiber board, testing at least 200 pounds. They should also be securely tied, with at least four strands of rope or strong twine, two around the package lengthwise and two crosswise, knotted at the crossings. Sealing the flaps with gummed tape to strengthen the package if a fiber board box is used, is also advocated, but this alone will not suffice to keep the package intact.

The package should contain cushioning material to protect the contents, and also to prevent rattling and loosening of the contents. Unless packed full, the boxes are likely to be crushed.

The postmasters have been advised not to accept and dispatch any parcels which are not so wrapped and packed as to withstand the rough handling they will receive in transportation.

Valuable articles should be registered and insured, it is explained. Prohibited from mailing are such articles as: Intoxicants, inflammable articles, including matches and all kinds of lighter fluids; poisons or any combination of articles which may kill or injure another or damage the mails. Cigarettes and tobacco products are prohibited from transmission through APOs in Germany, France, and Austria also to Navy Numbers 913 and 963 in Germany. Penicillin cannot be sent to any overseas APO's, it is announced.

Greetings, such as "Merry Christmas," and other holiday greetings may be placed on the package, as long as they do not obscure the address of the sender and recipient.

COMPOSER IS DEAD
WEST CHESTER, Pa., Sept. 22.—(INS)—Mrs. Robert M. Stults, inspiration for the famous ballad, "The Sweetest Story Ever Told," is dead.

Widow of the composer and music teacher whose song has sold a million copies and has been sung by three generations of Americans, Mrs. Stults died at Market Square Sanitarium in her 88th year.

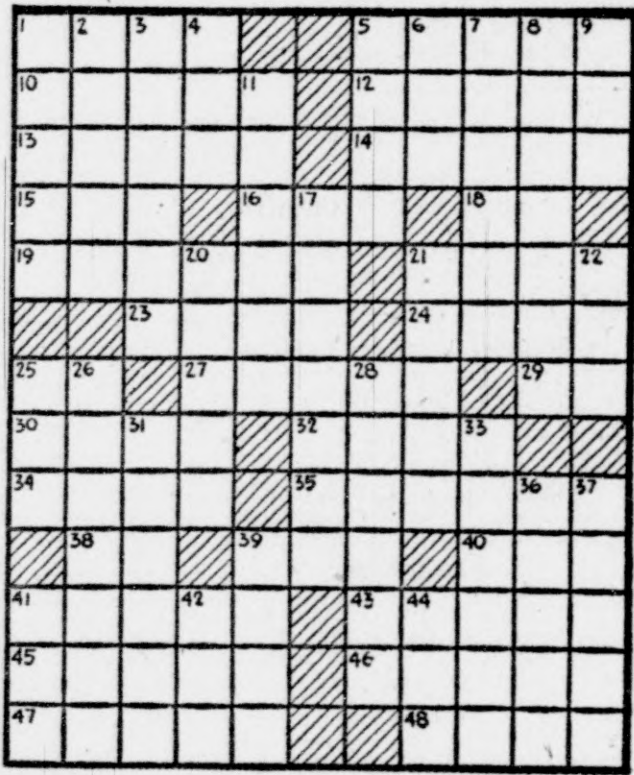

HIT AND RUN AUTO
Police received a report Sunday afternoon that a car struck and damaged the parked auto of William Cosel, 215 North Jefferson street, at Moody and Highland avenues and failed to stop. Police are investigating the hit-and-run affair.

Peabody Jolts

Altoona, 7 To 6

ALTOONA, Sept. 22.—Altoona high's Mountain Lions, who will meet New Castle October 4, in a feature AA battle, got off to a dismal seasonal start Saturday when they lost to Peabody of Pittsburgh, 7-6.

It was the first opening game the Mountain Lions have dropped in 12 years of football.
The Lions roared for 12 first downs to five for the invaders but a pass, good for 27 yards chalked up a TD, and another for the extra point, gave Peabody the edge. Altoona drove late in the final quarter for their six-pointer, with Rober, veteran quarterback, smashing over.
